TODAY — a brief span of time between yesterday and tomorrow, a few moments which teem with history-making events. Today we stand on the edge of a new frontier, stretching and pushing back our horizons until they are no longer, and we can see the whole world in its entirety.

TODAY — a time when tensions between the United States and Russia mount at a dizzying rate; when the red stain of Communism first penetrates the western hemisphere as Castro declares Cuba a Russian satellite; when we see the Communist block splitting, as Red China and Albania side against Russia; when our national heroes are no longer statesmen, but astronauts like Colonel John Glenn; when our nation is led by young, vital men like President John F. Kennedy; when guns are obsolete and wars are fought with 50 megaton bombs and intercontinental ballistic missiles; when we feel as though we teeter precariously on the edge of the edge.

TODAY we live in a changing Malden in which railroad stations become restaurants never again to hear the whistle of the fast disappearing passenger train, where the roar of a 707 jet-liner passing overhead no longer merits even an upward glance, where people ironically build fallout shelters with twenty-year mortgages. With a new Superintendent, a new Headmaster, and many new faculty members, Malden High School, too, is constantly undergoing changes in order to continue meeting the needs of the challenging new world of TODAY!

MISS GLADYS WATKINS

Today, for Your Patience, Sincerity, and Service...

We Honor You, Miss Gladys Watkins

For over three decades you have given yourself to us. Your friendliness and concern, your often repeated words, "Am I right?", will be remembered with many a warm smile in the years to come. Since you came to us from Radcliffe in 1921 as a new face in the Mathematics Department, and especially since 1953 when you assumed the leadership of this department, you have played an important role in the success of Malden High School students. With the utmost regret we say farewell to you.

For your constant willingness to help,

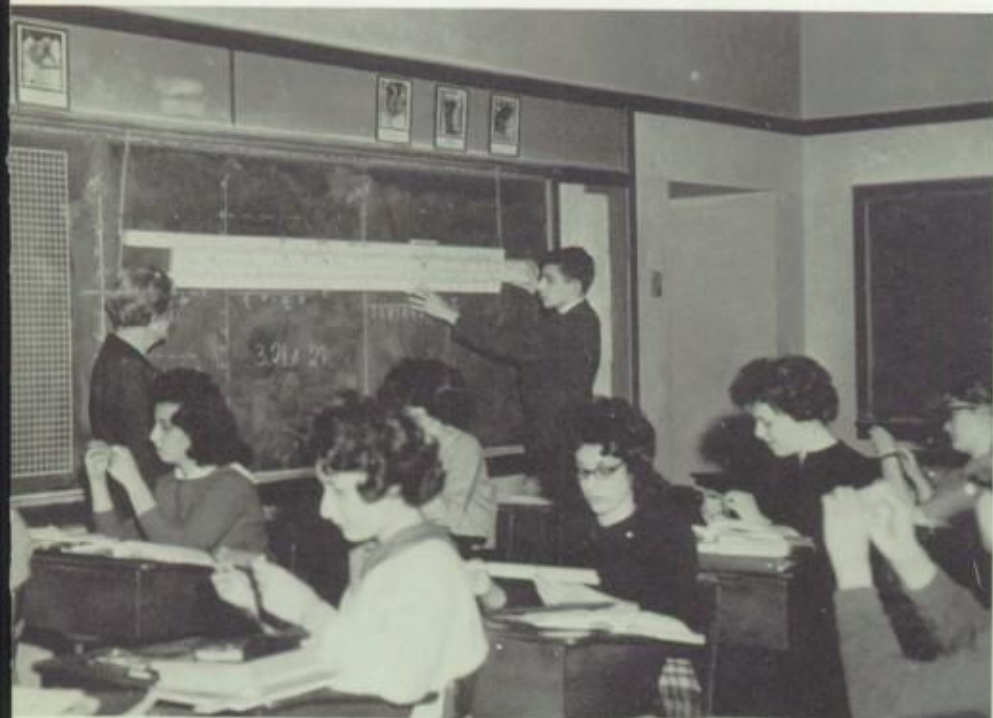

For your long and faithful years of fine service to the school,

For the inspiration your steadfast character has been to each one of us,

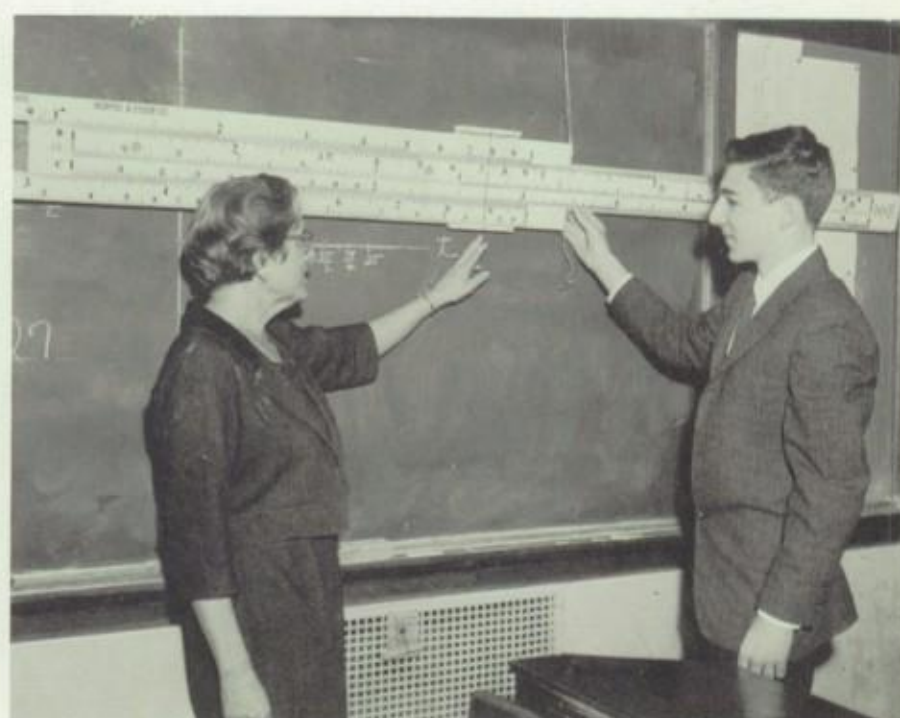

*We dedicate our Maldonian to you,
Miss Gladys Watkins.*

EFFICIENT LEADER OF YOUR STAFF

CONSCIENTIOUS INSTRUCTOR IN YOUR CLASSES

WISE COUNSELOR OF THE INDIVIDUAL STUDENT

TODAY—As Responsible Young People . . .

We Display Our Character in Many Ways

BY ENTHUSIASTIC SUPPORT of our teams in victory and defeat, and by good sportsmanship on the playing field, we show that at Malden High School, one of the meanings of character is the

way we conduct ourselves when acting as representatives of our school.

Today's world demands that we be well-rounded young people. Dynamic youth, who are developing all their potential. To this end, influenced by home, church, and school, we grow in four key areas; character, scholarship, leadership, and service.

We demonstrate the first area, character, in many ways—by being good representatives of Malden High School at all times, by conscientious scholastic effort, and by our willing response to the needs of others in our community.

BY HIGH SCHOLASTIC ACHIEVEMENT, represented here by the top scorers in the Auxilium Latinum contest as they receive their trophy from Mr. Webster, we show that at M.H.S. diligence in learning and faithfulness to studies are considered integral parts of our character.

BY WILLING PARTICIPATION in charitable efforts, such as this performance by the boy cheerleaders at the March of Dimes Benefit, and gener-

ous contributions to all other charities sponsored by the school, we show that concern for others and service to the community also demonstrate character.

We Accept the Challenge of Serious Study

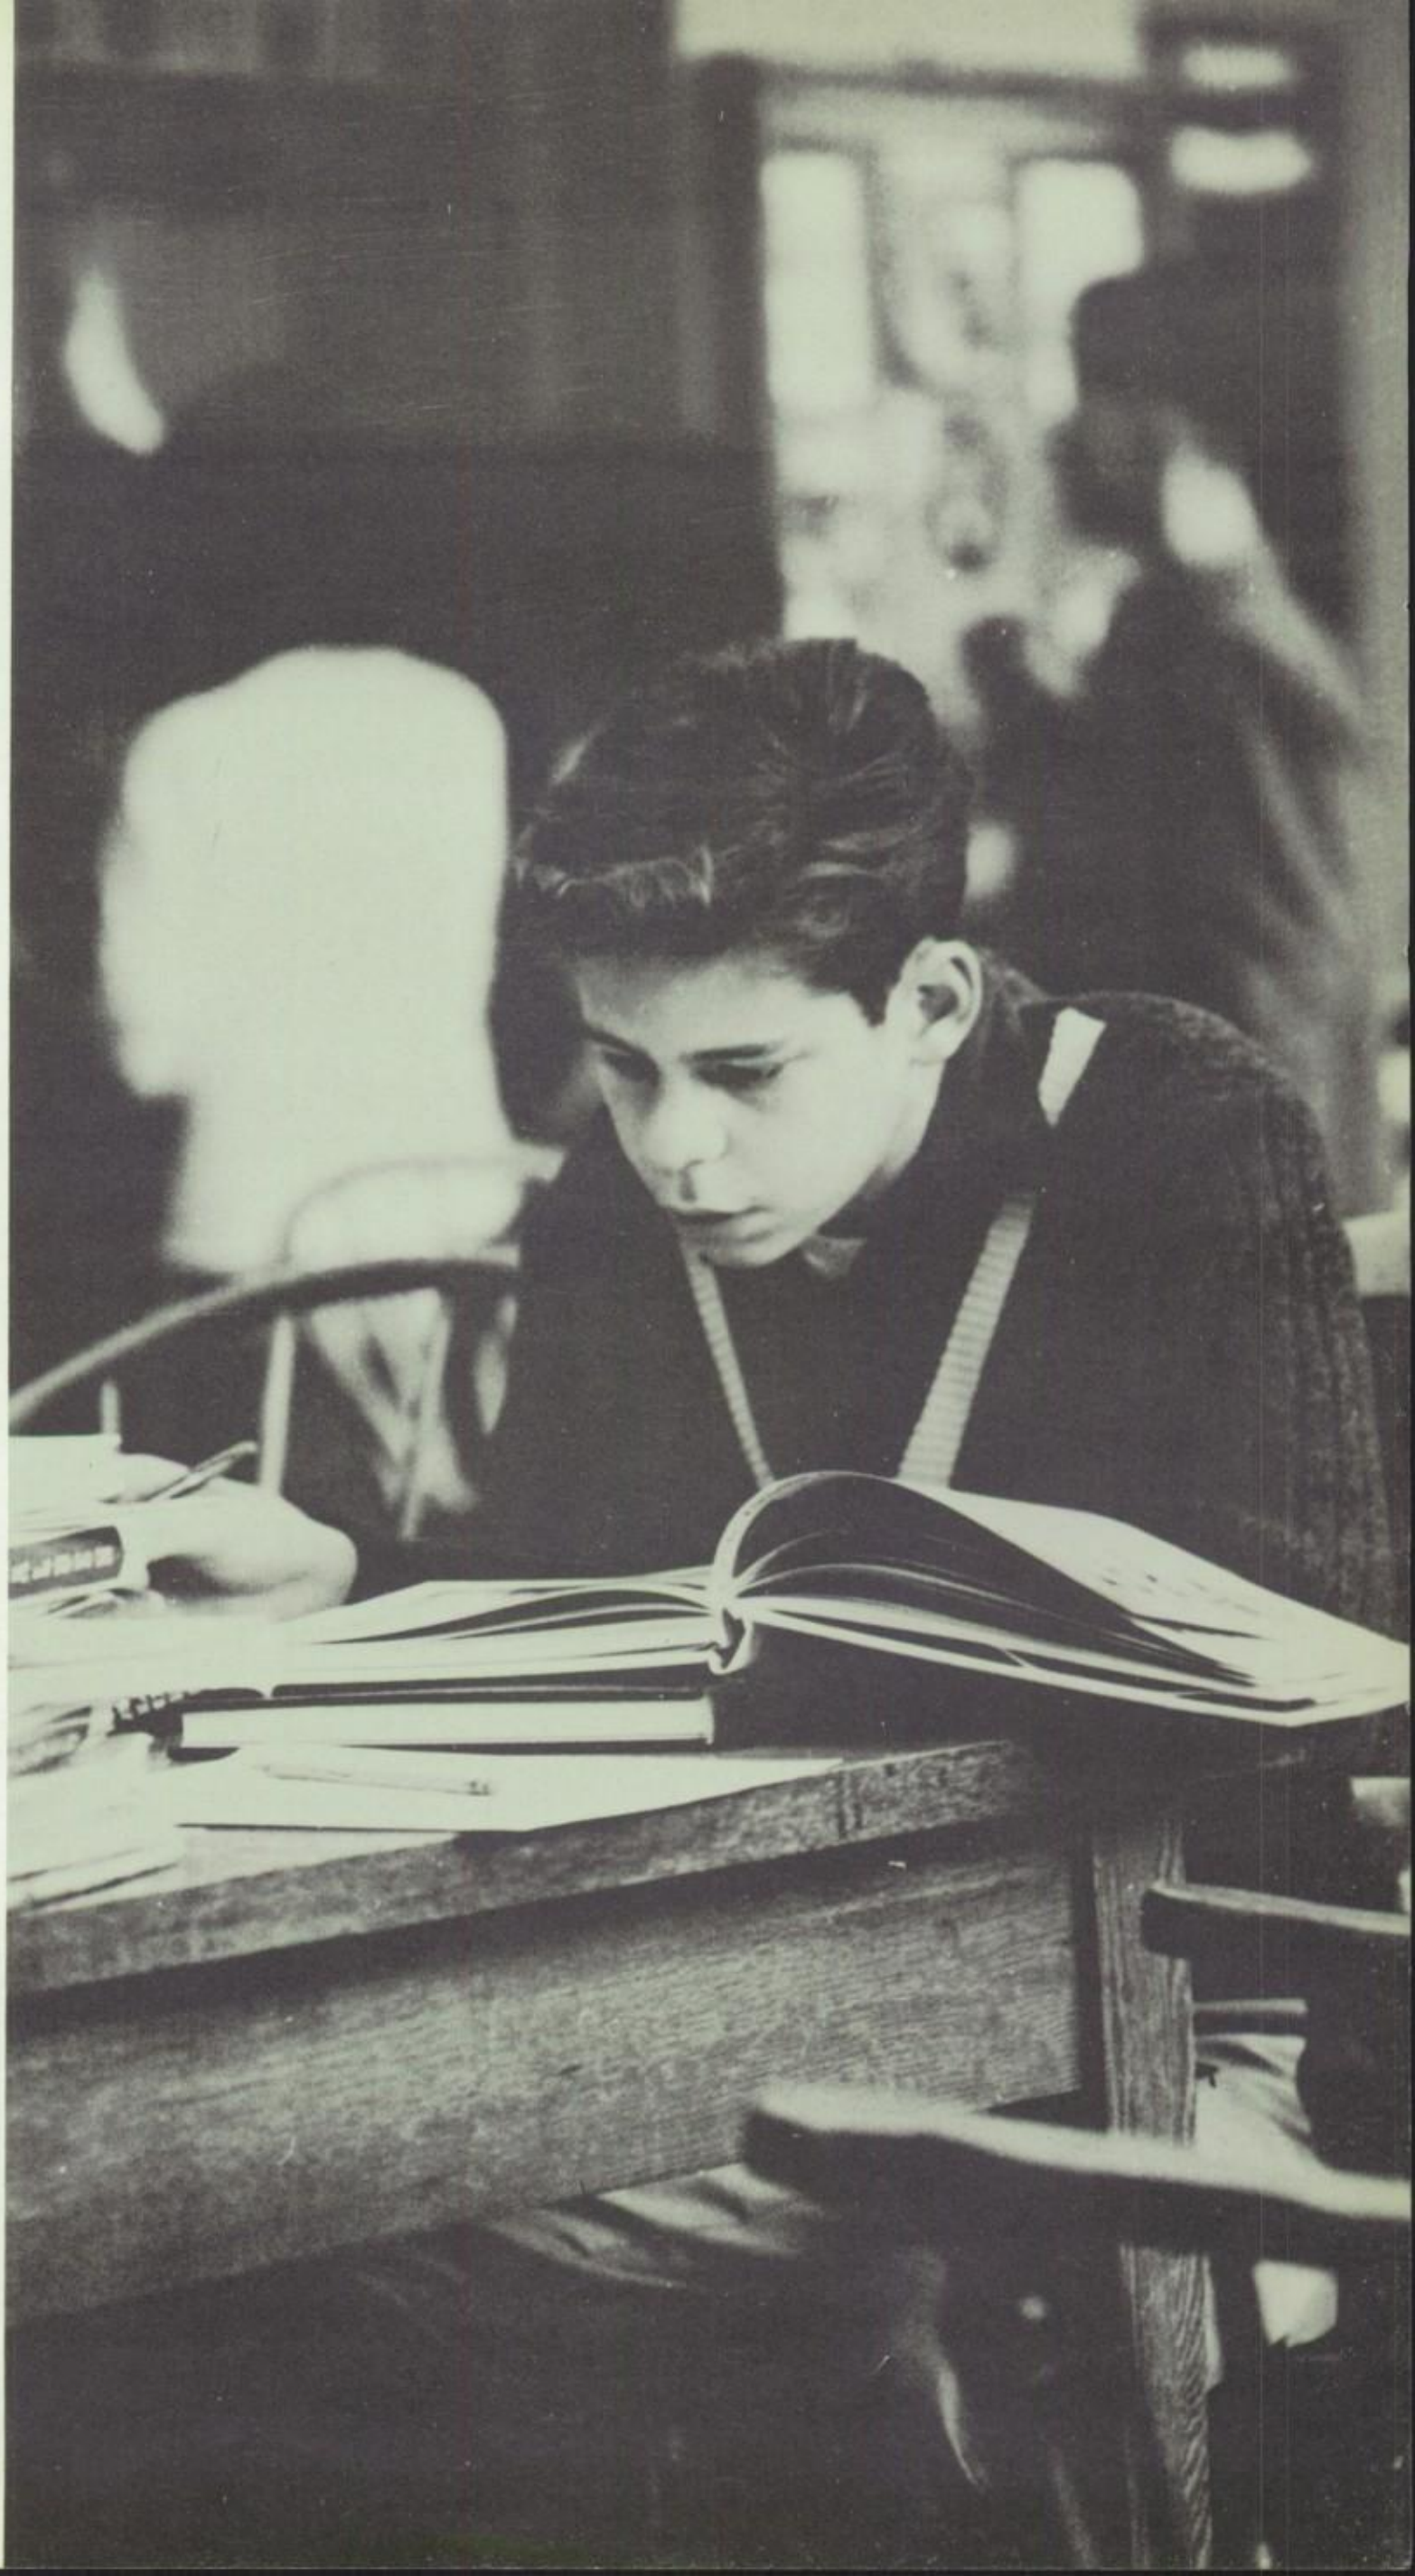

ADVISED BY PLEASANT TEACHERS like Mr. Grady, popular new head of the Guidance Department, we plan our futures, whether they be a college education, marriage, or a place in the business world.

Today, we take our studies seriously, for in our highly competitive society the amount of education we have, now determines the kind of work we do and our earning capacity.

We are thankful for the high scholastic rating maintained by M.H.S., and the wide range of testing services available to help us discover the areas of our capability. We are also grateful to our teachers who help us interpret the complex world around us, and enable us to communicate with one another.

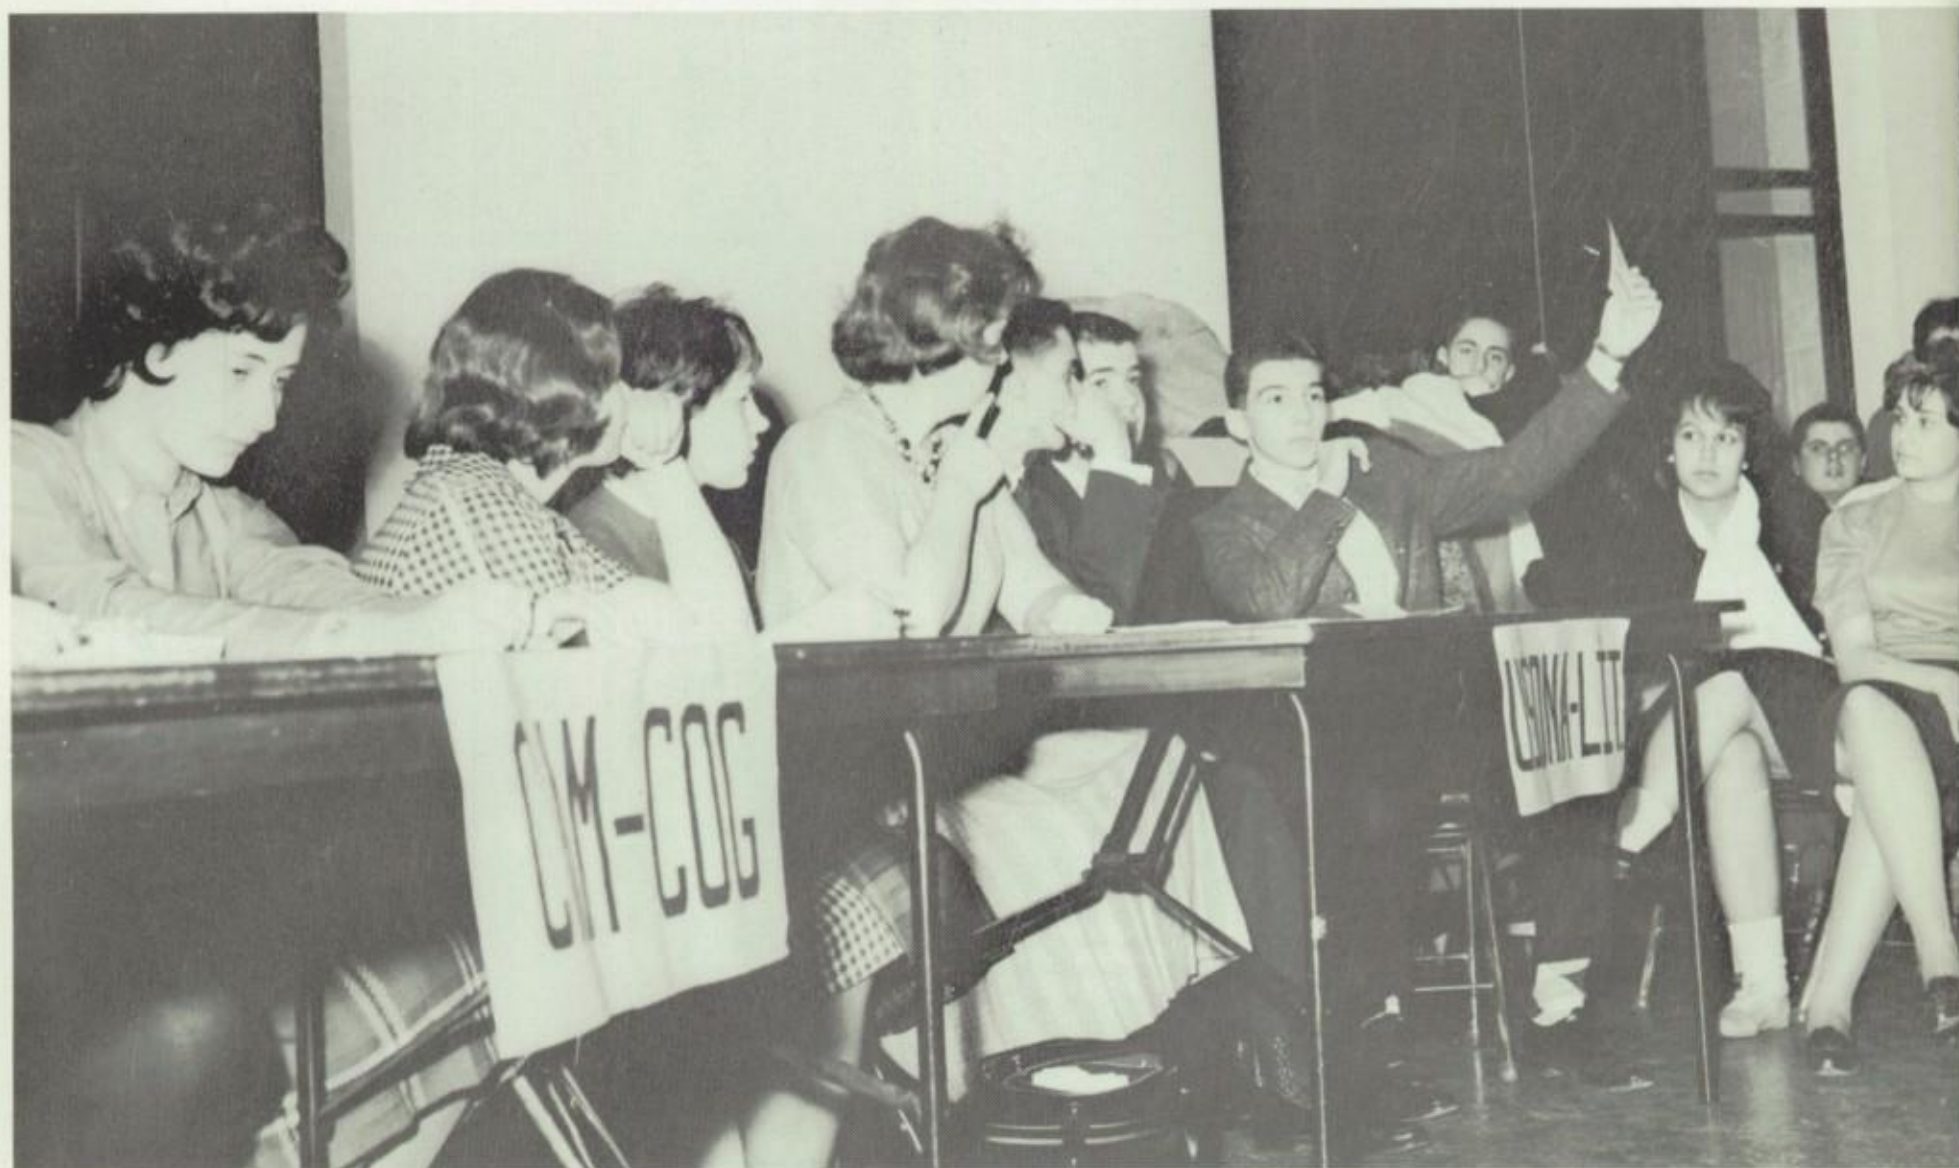

ENLIGHTENED BY THE RESULTS OF TESTS which are supervised by Miss Walton, Director of Testing in Malden, we are able to determine our capabilities in relation to those of other youth.

AIDED BY BOOKS of all descriptions ranging from Plato to Tolstoy, we delve deeply into our studies as we continue our search for knowledge. Because of easy access to these thousands of volumes, the library is a favorite study spot.

TODAY, as future leaders . . .

We Assume Key Roles in Class and Extra-curricular

ORGANIZATIONAL ACTIVITIES, such as the Interclub Bowl, provide opportunities to test our ability to handle situations and get along with

people. The manner in which we fulfill our club duties is a good indication of the way in which we will fulfill our adult responsibilities.

PUBLIC SPEAKING, not only in contests but also at assemblies, helps us develop the poise and self-expression we will need as future leaders.

KEY ROLES, such as the chairmanship of a class activity or a lead in the Senior Play, place a heavy responsibility upon the student. However, the careful guidance of interested teachers enables us to meet our tasks, and accomplish them with the best possible results.

Activities

Today at M.H.S. in preparation for future roles as adults, we are given many opportunities to display our leadership ability in any of several fields. In clubs we try our hand at running an organization, and participate for our group in interclub activities. Through sports we develop keenness, quick judgment, and alertness — all necessary characteristics of a leader. By taking key roles in class activities we show that when given the opportunity and proper guidance, we can effectively assume any and all leadership responsibilities.

POSITIONS ON SPORT TEAMS cannot be disregarded when discussing the experiences which influence our ability as leaders. Mental agility and the

ability to act quickly and decisively, are prerequisites not only for leadership in the field of sports but also in almost any profession we may choose to enter.

TODAY—As Servants of Our Community and Our School . . .

We Respond to the Needs of the People around

BY ENTERTAINING OTHERS through organizations such as Choral Arts, which performs for church and civic groups in this

area, as well as for the students in the high school, we bring enjoyment and beauty into the lives of the people around us.

BY RAISING MONEY for worthy charities through the collection of money and used clothing, and a charity basketball game presented for the benefit of the March of Dimes, we join in the fight against poverty and disease.

Learning to be of service to the community, the school, and each other is the fourth area in which we must grow. The students of Malden High School traditionally stand ready to help anyone whenever called upon to do so.

The service may be one of several, Christmas carols by Choral Art in Malden Square, a charity basketball game in which faculty and students participate, or simply the weekly fall parades by the band which brighten everyone's day. In any case, the students of Malden High try to fill the needs of the people around us.

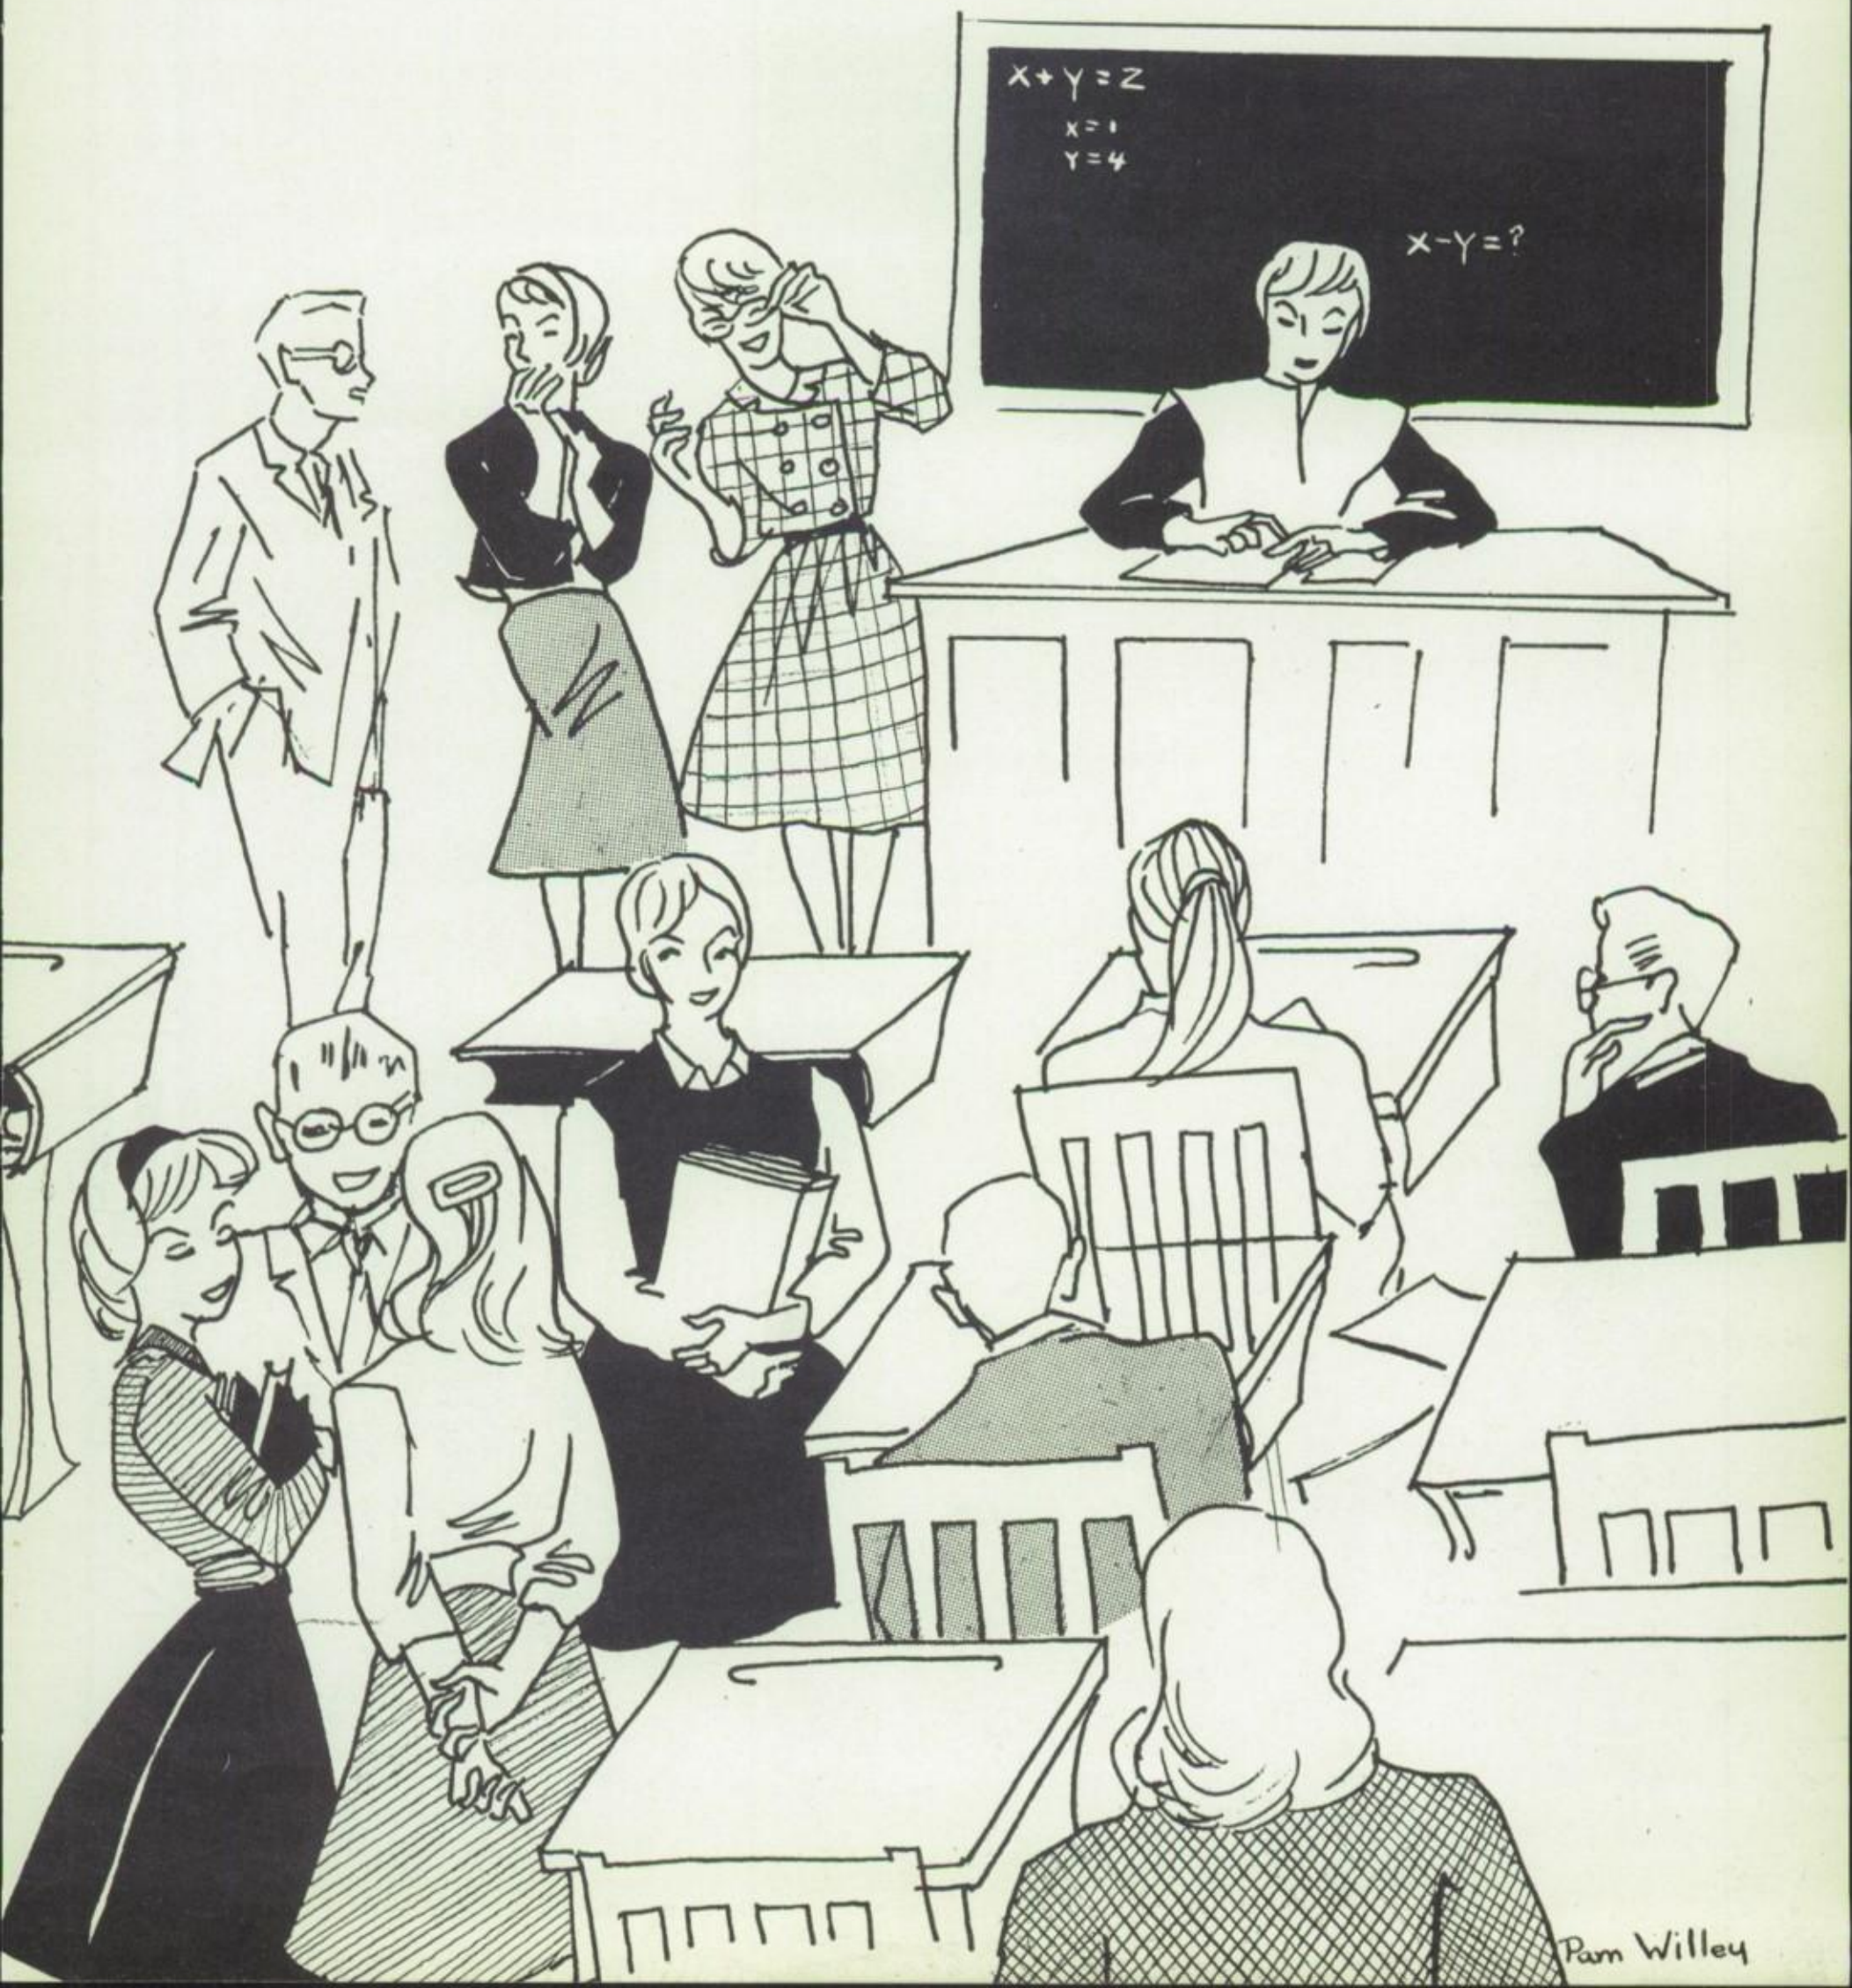

BY BRIGHTENING THE DAY of each passer-by who watches them march down Pleasant Street, and by adding excitement and color to the crisp fall days, the band serves both the community and the school. The football games would not be half as enjoyable if the band were not in

its usual place, and graduation would lose much of its splendor. Thus, the band is one of several school organizations which has a place in the heart of the community.

Today's Administration

After Several Months of Consideration . . .

School Committee Elects Mr. Paul H. Phaneuf,

Mr. Paul H. Phaneuf

This year, has brought about not only many new faculty members, but also a new Superintendent, Mr. Paul H. Phaneuf, to succeed Dr. Chester W. Holmes. Mr. Phaneuf, who comes from Dracut, Massachusetts, is a 1935 graduate of Holy Cross College, and received his M.A. from the University of New Hampshire in 1936. He also did further graduate work at Oxford and in Paris. Born in Nashua, New Hampshire, he started his teaching career at Dracut High School, where he was an instructor in French from 1936-39. After his release from the Navy in 1945, as a communications officer, he returned to Dracut in 1947 as Superintendent serving until 1952, when he was recalled to active duty with the Navy. A commander in the Naval Reserve, he was an English instructor at the United States Naval Academy from 1952-53; then returned to Dracut as Superintendent, a post which he has held until the present. He is married to the former Mary K. Fitzgerald, who was a member of the Boston School Committee. They have five children Katherine, Gregory, David, Luke, and Jacqueline. We at M.H.S. welcome you all to Malden, Mr. Phaneuf!

T. Richard Kelliher

Mr. T. Richard Kelliher, our Assistant Superintendent of Schools, has been with Malden High School since 1952, and has had a very busy year as acting Superintendent of Schools since the death of Dr. Chester W. Holmes. Not until January 1, 1962 was he relieved from this temporary post by our new Superintendent, Mr. Paul H. Phaneuf.

Mrs. Marguerite Holland

Homemaker
1960-1963

Superintendent, on January 1, 1962

The School Committee, which usually meets once a month, is a major department of our school system. This year has brought a new member to the committee, Mr. William Mini, who teaches in Beverly Junior High School. Its other members include Mr. George Lodgen, this year's chairman, Mrs. Bertha Gordon, Mrs. Marguerite Holland, and Mr. Leonard Mullen. Several new projects have been undertaken by them. With the establishment of a position of Supervisor of Elementary Education, many new developments have been brought about, namely: a pilot program in departmentalization of the elementary schools; a new evaluation program, and a teacher-training program. Under their consideration, now, is a full program of Language Arts and Mathematics. Progress has been made in the consolidation of the Faulkner and Pierce Schools and the construction of a new wing for the Glenwood School; while the building of a regional vocation high school is already in the hands of the architect. One of their most important responsibilities this year was the election of our new superintendent.

M.H.S. Graduate Becomes M.H.S. Headmaster

F. CHAMPLIN WEBSTER

Francis Champlin Webster

This school year of 1961-1962 will go down in the history of Malden High School as a very special year, for F. Champlin Webster, former head of the Latin Department and Faculty Manager of Athletics, became the tenth headmaster of Malden High School upon the retirement of John B. Matthews. Forty years ago he was, as all sophomores, a timid newcomer to the world of M.H.S., with Thornton Jenkins as his principal. Now, forty years later, and only two principals later, Mr. Webster, our first M.H.S. alumnus to be headmaster, is the one who is "leading the parade." He has completed thirty-three years of teaching, thirty of them at Malden High, minus two during which time this second lieutenant taught Air Force recruits. Graduated from Dartmouth College as a Latin major, he went on to obtain his master's degree at Boston University. He has also studied at Harvard and the University of Washington. In 1947, Mr. Webster succeeded the late Fred J. Nash as head of the Latin Department. Since Mr. Webster has been head of this department, Malden High School annually has been entered in the Auxilium Latinum examination, and has won ten trophies over a period of twelve years. In 1950, Mr. Webster was appointed Faculty Manager of Athletics and Junior Class Master, in charge of all tardiness. Since then he has taken a very active part in every athletic league or association of which M.H.S. is a member. We are glad to welcome Mr. Webster as our new headmaster and to have our school in his able hands.

ONE OF HIS DUTIES — Mr. Webster welcomes the sophomores on their first day of school in the Jenkins auditorium.

SERVING HER THIRD M.H.S. HEADMASTER, Miss Mabel McQuesten, a tradition at M.H.S., receives some typing from Mr. Webster, Miss McQuesten, being the prin-

cipal clerk, takes care of all Mr. Webster's letters and publishes the daily bulletin. This good-natured, popular secretary has won a place in the hearts of the entire student-body.

An Expanded Guidance Department Helps

Upper Left: MISS NANCY BROWN, the new Junior Class Counselor in room 212 A, receives varied answers to her favorite question, "How have you been?" This M.H.S. graduate is the daughter of former School Committeeman Dr. Bruce Brown.

Center Left: MISS BARBARA NORTON, in her new office in room 212 B, greets all her visitors with a friendly smile. She is particularly responsible for the guidance of the sophomore class and also is Head Adviser to the Class of 1963.

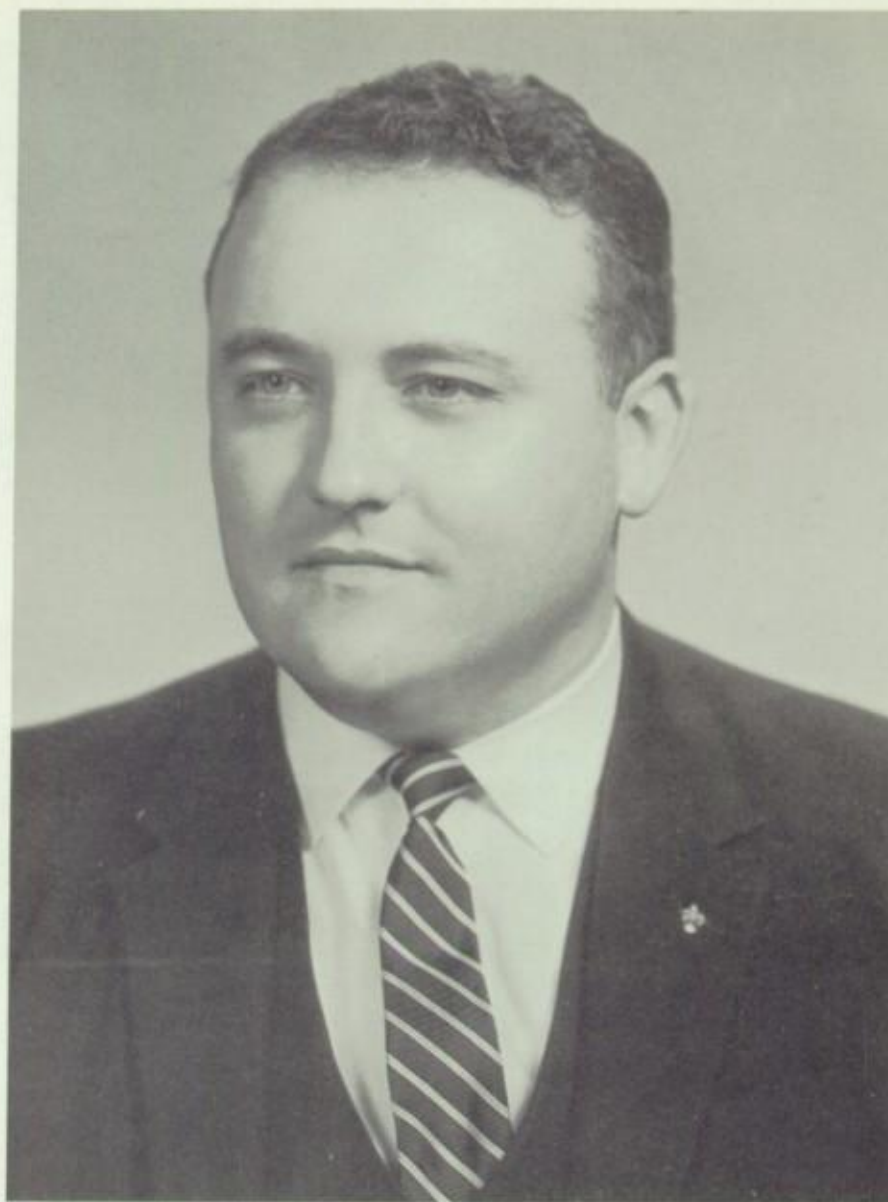

Bottom Left: MR. PAUL ROYTE, counselor for the seniors, replaces Mr. Chester Santilli. Active in the Job Placement branch of the Guidance Department, Mr. Royte has helped many students acquire jobs during the summer and after graduation.

Us Help Ourselves

This year the M.H.S. Guidance Department, under the new director T. Franklin Grady, added to the staff two new members, Miss Nancy Brown, counselor for Juniors, and Mr. Paul Royte, counselor for the Seniors. We students have shown our appreciation for this excellent department by our active patronage. Through the combined efforts of the counselors to aid each student in developing the best of his potential, they have succeeded in helping countless members.

There are many services which the Guidance Department performs. It evaluates the scores of the tests given by Miss Arline Walton, Director of Testing, and aids us in planing for the future. It counsels us in our numerous personal problems both at home and in school. It schedules college lectures to inform us. It helps us find jobs after school, during the summer and after graduation. It takes a particular interest in aiding those of us who, for economic reasons, find it necessary to leave school. There is no select group with whom Guidance prefers to work. It is interested in every student at M.H.S. and invites everyone to visit the counselors frequently so that the guidance offices will become as familiar to the student as a water fountain in the corridor.

AT A MEETING OF THE M.H.S. GUIDANCE DEPARTMENT in the director's office, Mr. Grady reports fewer failing marks than ever to his staff: Mr. Paul Royte, Miss Barbara Norton, Miss Edna Turkington, Dean of Girls, and Miss Nancy Brown.

T. FRANKLIN GRADY, the former Randolph Guidance Director, succeeds Doctor Helene Moore as Director of Guidance in Malden's Public Schools. This energetic counselor and unremitting worker has fast become one of M.H.S.'s most popular personalities in the eyes of teachers and students alike.

Aided by the Faculty . . .

M.H.S. Executives Plan For the Present

MR. ROBERT PERRY, Senior Class Master, spends many weeks each year planning the school program.

MR. ABRAHAM OXMAN runs a busy office that sell everything from football tickets to milk cartons.

MR. CLARKE BROOKES SHOWS CONCERN FOR ALL THE PROBLEMS OF HIS SOPHOMORES.

MALDEN SCHOOL DIRECTORS who are connected with the high school and have contributed much to its success are Mrs. Dorothy Dennis, Physical Handicapped; Dr. Herbert Silverman,

Music; Miss M. Adelia Johnson, Art; Dr. Mary Spencer, School Health; and Miss Caro Grace, Instruction Materials.

MR. ARTHUR BOYLE replaces Mr. Webster as Junior Class Master. He has charge of Junior discipline and boys' attendance and tardiness.

Planning our education is a difficult task. A program and calendar must be adopted. Courses of Studies must be organized. Instruction materials have to be acquired. Helping to facilitate the planning are the Class Masters: Mr. Perry for the seniors, Mr. Boyle for the juniors, Mr. Brookes for the sophomores; Mr. Oxman, the Faculty Manager of Athletics; and the School Directors. Mr. Perry spends many weeks planning the program, juggling students from period to period. Arranging the school calendar is Mr. Brookes, coordinator of non-athletic activities. Mr. Oxman is not only in charge of scheduling athletic events but also is Director of School Selling. One of the busiest offices in the school is that of Mr. Boyle who is in charge of boys' attendance and tardiness. It is with the aid of the school directors that M.H.S. has become one of the best schools in the state.

Today . . .

We Salute the M.H.S. Secretaries

MISS LOUISE MCMANUS, the substitute, works in the main office when not filling in for an absent teacher.

MRS. FRANCES JONES takes time out from making out college transcripts to rent a bare-collared senior a specimen from the main office's notoriously famous collection of hideous-looking ties.

SHE PRACTICES WHAT SHE TEACHES! Mrs. Helen Hills, teacher of stenography, busies herself at the Kardex.

Behind every successful business man is his faithful, hardworking secretary. Too seldom is this field of work recognized for its full value. A secretary must be a Jack of all Trades and must also be quick, alert, intelligent, and sociable. Besides rendering the usual services, the M.H.S. secretaries have

the additional responsibilities for running a Lost and Found Department, a Bureau for Displaced Lunches, and answering service for 1700 students and 90 teachers, and a tie-rental agency. To these fine persons, the entire population of M.H.S. owes its gratitude.

THE STUDENT SECRETARIES, some destined for successful positions in the business world, perform services including typing, filing, mimeographing, and many other clerical jobs. *Front row*, S. Hill, S. McCusker, A. Mason, N. Lamb, J. Berg, S. Golomb, A. Leccese; *Row 2*, M. Goldberg, R. Smith, L. Clarke, T. Broussard, N. Scott, F. Muse, J. McLaughlin, M. Sholder; *Row 3*, P. Sullivan, L. Lehman, C. Coughlin, A. Peterson, S. Brown, S. Garfield, B. Strasnick.

Malden High School offers a widely diversified program of studies. With five different curricula, there is an opportunity for every student to choose the right course. In order to graduate, every student must complete three units of English and one unit of U.S. History. All the courses except the General have three other required subjects each year. However, the General Course student takes three units of history as well as English. Since twelve points are necessary for graduation, every student must take four subjects annually. The required subjects meet five times a week. Physical education meets three times, and practical laboratory work meets ten times. We enter school the first Wednesday after Labor Day and have a week off at Christmas, the week of Washington's Birthday, and of Patriot's Day. If bad weather prevents us from completing this program of studies by the third Wednesday in June, we must continue on until we have the one hundred eighty days attendance required by Massachusetts law.

Aided by a well stocked library . . .

Every Student Must Pass Four Years of English and

PUBLIC SPEAKING — just one phase of the training received in our English classes. Mr. Schneider critically listens to Jenine Poti's original essay in his first period college English class, while some members listen and others glance over their own for last minute corrections.

At M.H.S. English is required for every student. Besides instructing us in grammar, the English Department, headed by Dr. Russell Bowman, trains us in public speaking, acquaints us with the classics, and familiarizes each of us with the literary work of such masters as Shakespeare, Conrad, Bronte, Milton, Hawthorne and Lowell. This year Dr. Bowman purchased a thousand paper back books for outside reading.

Our excellent school library, headed by Miss Dorothy-Belle Thorpe, aids us with our English. Once again this year our library received a \$100 gift from Mt. Holyoke toward new books because of the excellent work of another one of our graduates. This year it was Jean Arthur.

BUSY LIBRARY ASSISTANTS — these girls help Miss Thorpe in the library during their free period or "S" period. They are required to collect all library permit slips and to take attendance. It is also their duty to get the daily newspaper and do various errands for Miss Thorpe during the day. This year's efficient library assistants include *Row 1*, L. Coupe, B. Loder, J. Royal, D.

Thorpe, S. Hill, B. DeDominuis, S. Brudnick; *Row 2*, P. Marclien, C. Parris, B. Kildila, J. McDonald, E. Freimann, L. Gallant, C. Pulsifer; *Row 3*, A. Danaker, J. Doone, J. Gordon, S. Thomas, K. Swiet, J. Bougess, D. James, P. DeMarco; *Row 4*, T. Neipris, L. Carroll, D. Campbell, J. Hennessey, M. Kennison, D. Brouillette.

A Year of U.S. History

History is the crosswords of all our learning. Hardly a day passes when the history student is not able to apply some part of his knowledge gained in other classes to the study of man. A required subject at M.H.S. history deals not only with the past but also with the present for we are living in what is history tomorrow. Helping Miss Turkington, head of the History Department, and the other history teachers in this phase of study is *AMERICAN OBSERVER* a weekly report published to inform the high school student of current events and the facts behind them. This year new American history books were obtained and students were allowed to watch *Focus*, a television program dealing with world problems.

STUDYING THE CIVIL WAR with new picture books are these students from Mrs. Grace Ramsdell's college United States history class. With the proceeds from the Class of 1962's production of *Junior Varieties*, 77 Salem Street, these new history books on the Civil War were purchased.

"THIS IS THE WAY YOUR MAP SHOULD HAVE BEEN DONE!" explains Mrs. Ramsdell as she points to Nancy Fenton's United States map. As a class project these students were required to make three maps to show the territorial expansion of the United States, status of slavery by the Compromise of 1850,

and the Kansas-Nebraska Bill. All students, whether they are in the scientific, college, commercial, or general course, must take United States History before graduation.

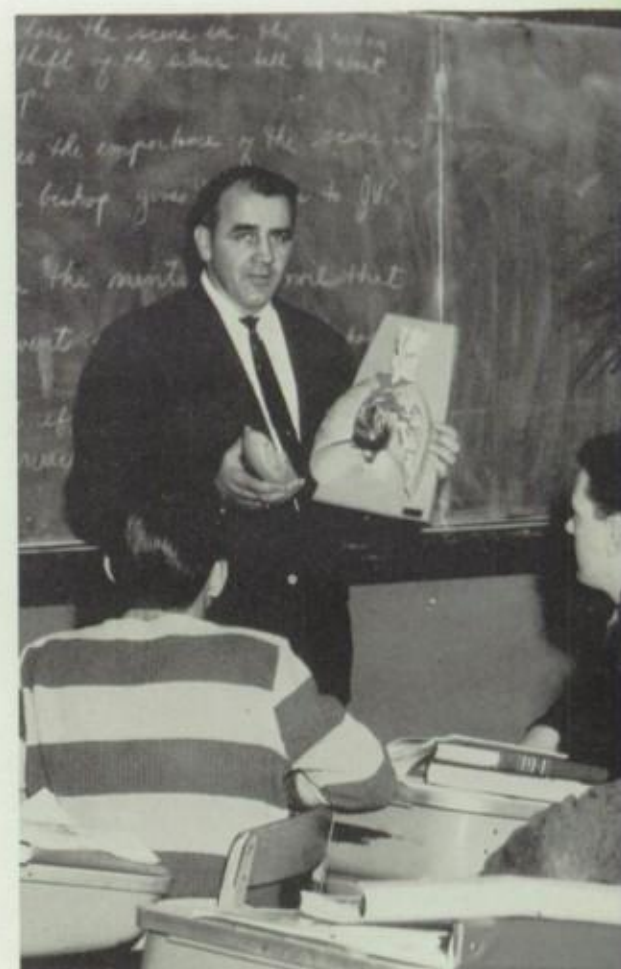

RIGHT ON THE NOSE, Carol and Sue determine the specific gravity of a liquid by weighing a beaker of solution with metric weights in Mr. Perry's second period physics class.

HEATING A CAN OF BEEF STEW WITHOUT FIRE! Mrs. Torrence's students toured the U.S. Army Quartermaster Research Center at Natick, where they were shown new food processing for the Army boys.

Those electing a science may **CHEMISTRY,**

Our science department offers a wide range of subjects including physics, chemistry, meteorology, radio and electricity, biology and health. College physics is open only to senior students with a good mathematical background, but there is also a course available to seniors in the General Course. Chemistry classes are open to college juniors and to senior or junior general students. Both physics and chemistry students attend an after school class on Fridays to prepare for college board examinations. Biology classes, available for college sophomores; commercial and general course seniors, meet five times a week in the laboratories on the third floor.

"NOW PAY ATTENTION"! demands Mr. Boyle as the *Maldonian* interrupts for a pic-

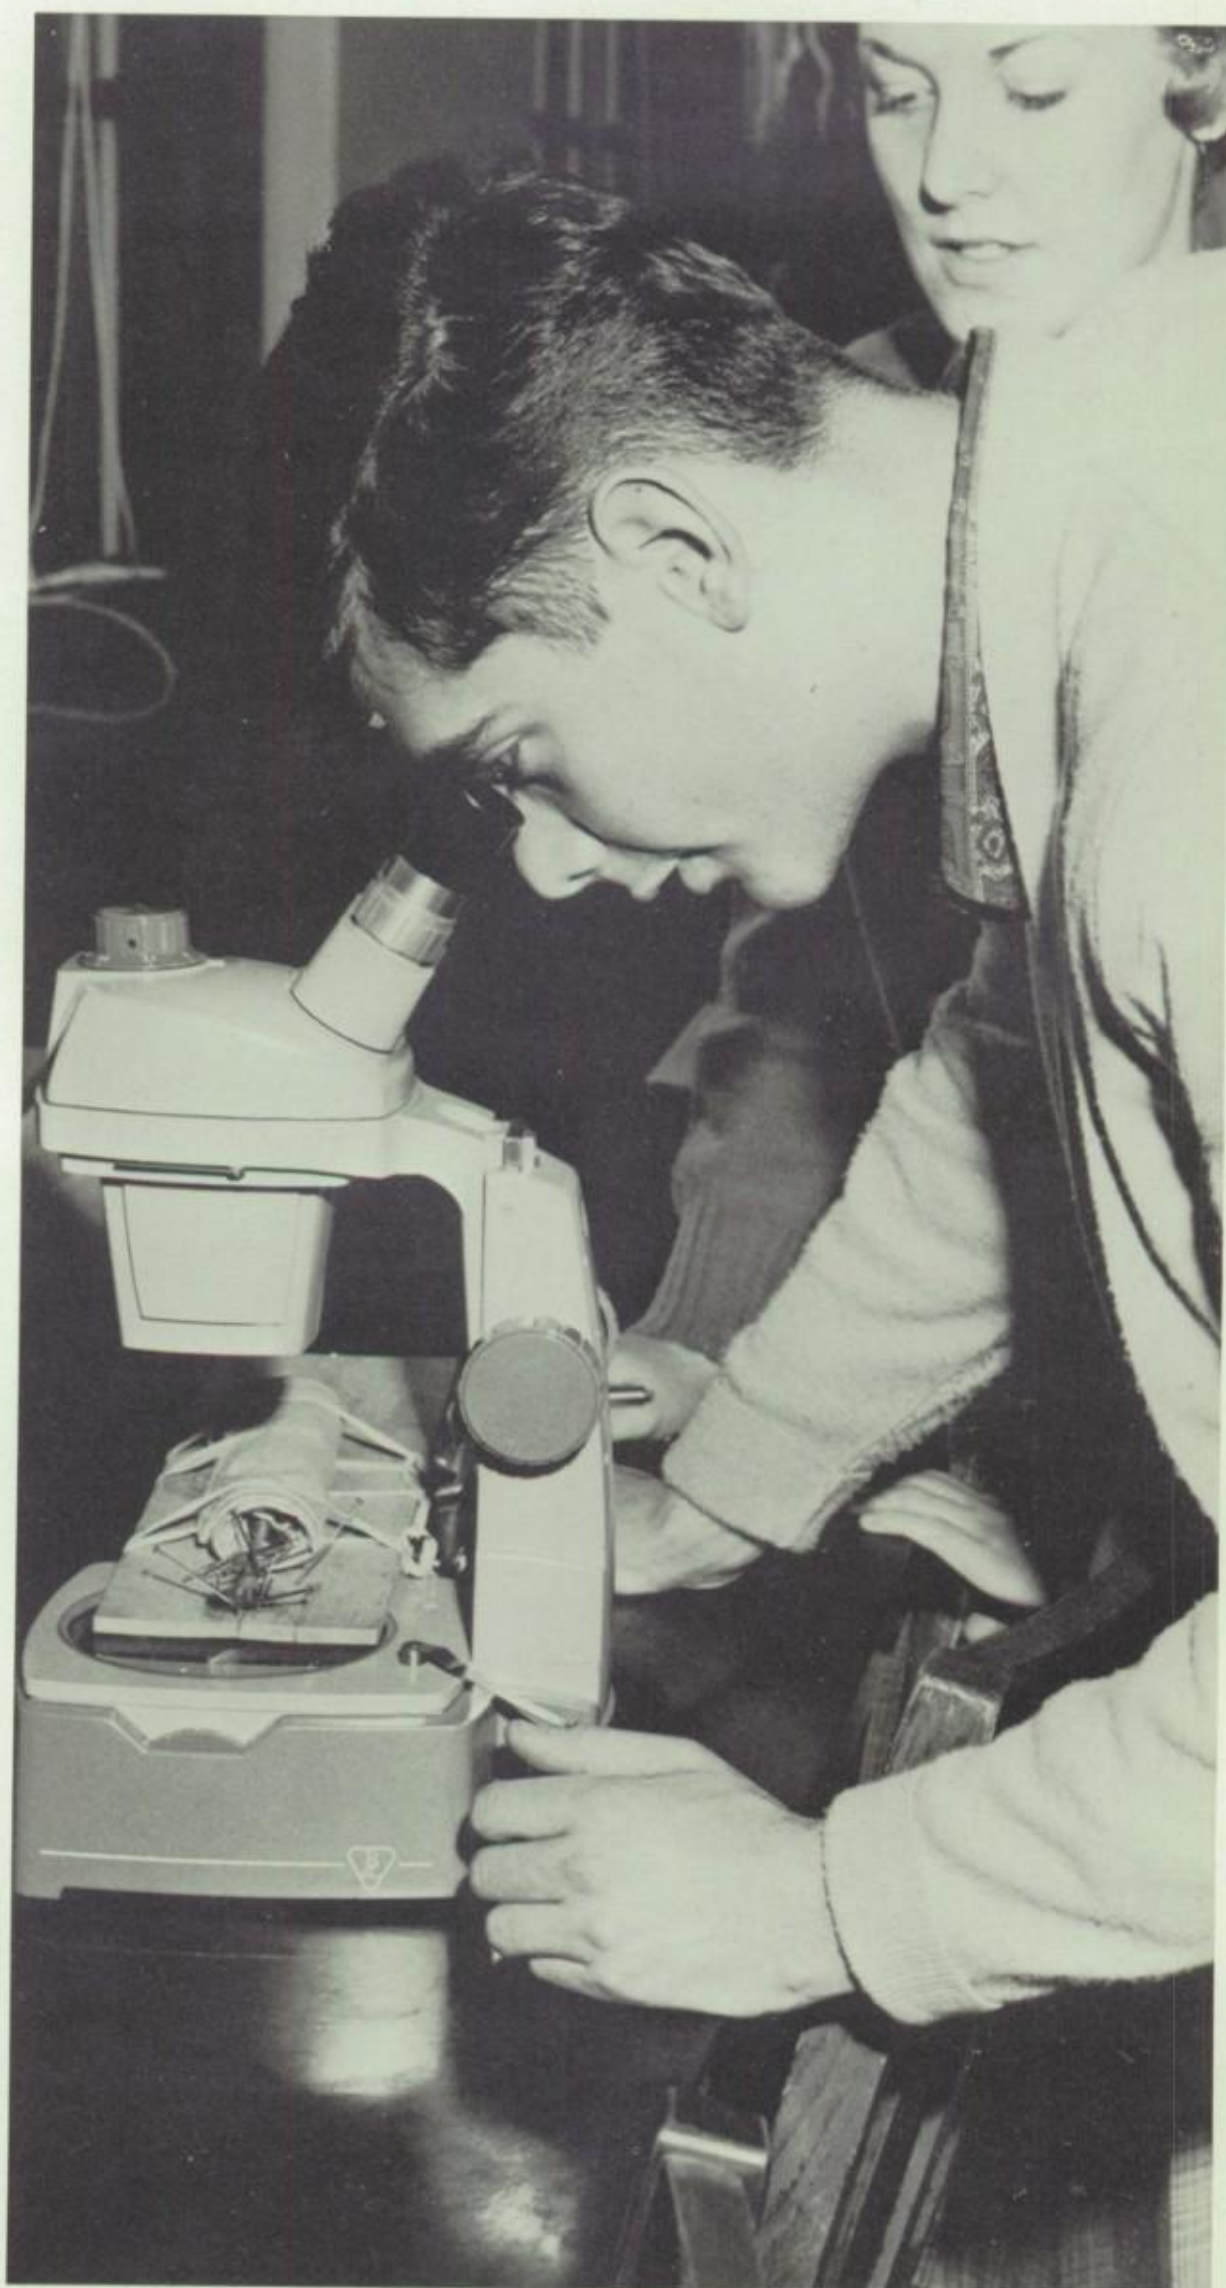

choose . . .

PHYSICS, BIOLOGY, and HEALTH

The health classes, which are open to all junior and senior general and commercial classes, emphasize physiology and anatomy studies. Meteorology, available for commercial course seniors and general course juniors, has its laboratory in the Weather Bureau on the fourth floor. Radio and electricity, taken by junior and senior general course students, offer practical experience in both of these fields. With such excellent courses, up-to-date equipment, and helpful teachers, we can't help but be prepared for the "new world" we will enter upon graduation.

ture. Here, using a plastic mold, Mr. Boyle shows the heart and lungs and their functions.

GUESS WHAT'S WRAPPED UP IN THE PAPER? It's a frog which has been pinned down and bound in the usual biological method for means of convenience. Here, Robert Goldstein, in Mr. Steeve's biology class, is looking through one of Malden High School's new microscopes watching the circulation of a frog's leg. This is just one of the many things which biology students experience in the laboratory.

For Practical uses . . .

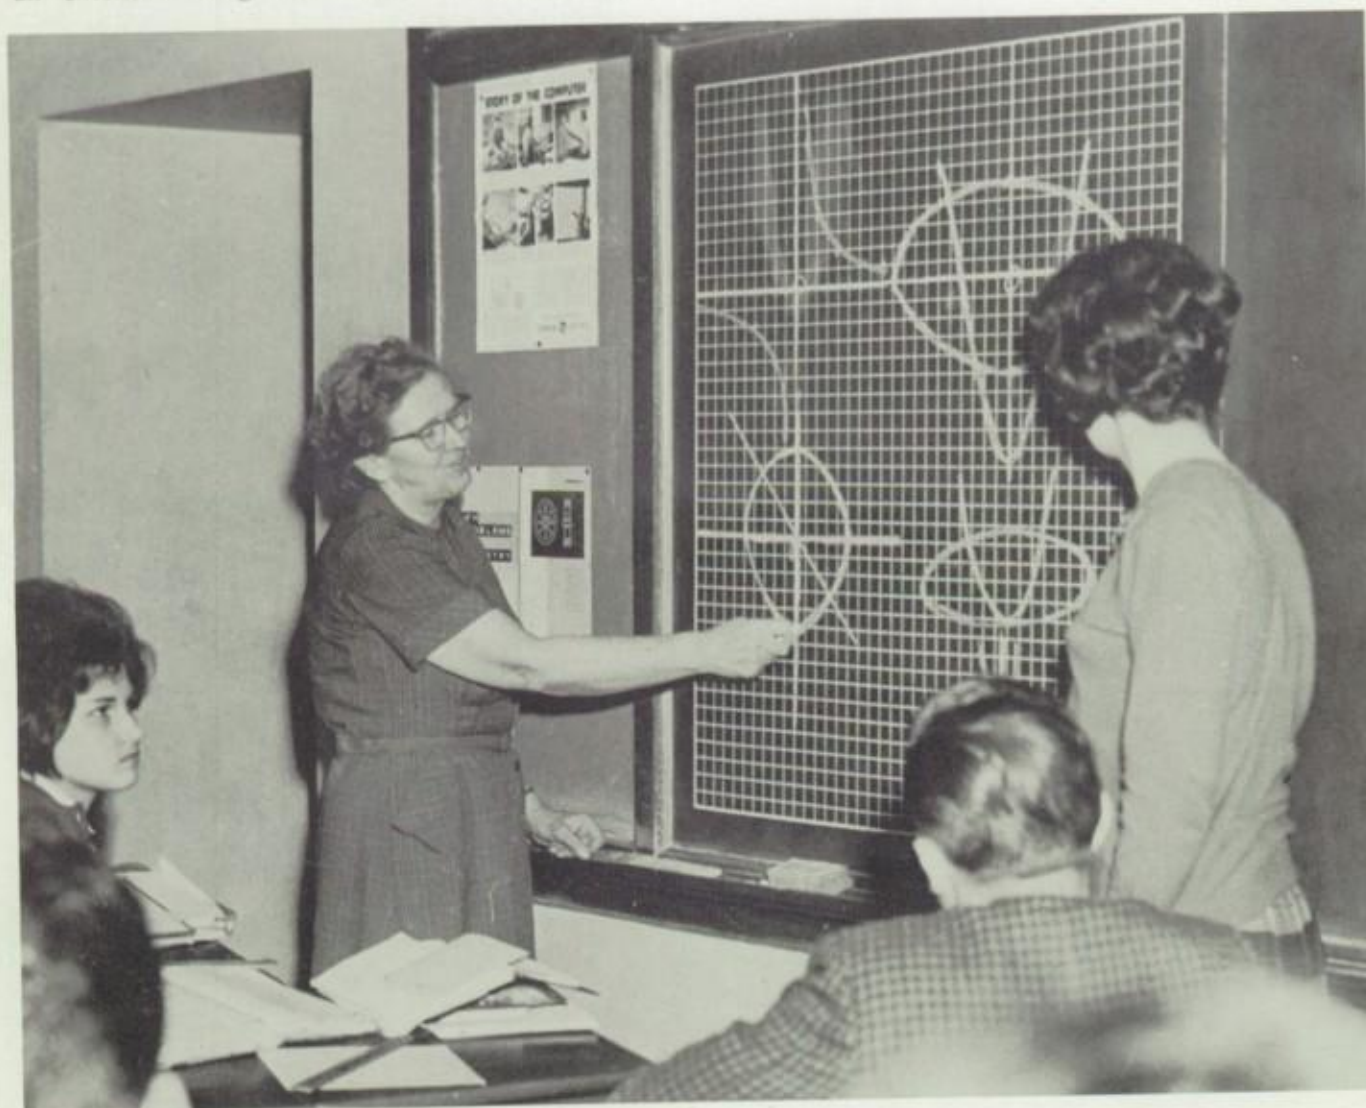

M.H.S. Delves Into Business Courses and Math

MODERN EQUIPMENT AND SKILLED INSTRUCTORS provide our commercial students with an excellent background either to continue their

secretarial training or to seek employment after graduation.

The commercial subjects provide each student with realistic business conditions. Not only are there the required subjects of stenography and typing, book-keeping and office practice but also many other subjects are offered: commercial geography, accounting, commercial law and economics, and advanced stenography. Most classes meet one period every day but the stenography classes meet ten periods a week. Many of our prospective secretaries have been teachers' secretaries and nearly all find work after school in the Malden Business World. M.H.S. supplies each commercial course student with a well-rounded business education.

USING THE NEW GRAPHS that were printed on the blackboards of all the math rooms, Miss Parris,

one of seven math teachers, explains parabolas, hyperbolas, and ellipses to a second year algebra class.

An integral part of our every day life, mathematics serves shop-keepers and scientists alike. Besides being of a practical nature, subjects like plane geometry and trigonometry help us develop the skill of reasoning and forming a conclusion from observation. In M.H.S., we have six different math courses ranging from general mathematics and algebra I to solid geometry and trigonometry, which give the college preparatory students a firm background for college work. They also teach general course students the basic fundamentals for carrying on business, whether it be in an office or measuring a piece of wood to fit in a cabinet.

Specializing in three languages . . .

M.H.S. Fosters Foreign Study

With two modern languages available in every course, M.H.S. advocates the study of a foreign tongue. Aided by records and tape-recordings, the French or German student perfects his pronunciation. When he has learned the basic fundamentals, he is introduced to the works of several authors of that tongue. As a means of fostering better friendship, many modern language students carry on a correspondence with European pen-pals. Latin, always the classical language, and favorite subject of our new Headmaster, is becoming more and more popular. Students electing this subject not only learn the mechanics of this language; but also become acquainted with the lives, philosophies, and teachings of the masters.

A CHANCE TO HEAR HIS OWN VOICE, Robert Kessler utters a few sentences before the microphone of the tape-recorder operated by Mr. Galligan in his third year German class. This is only one of the several methods used to help foreign language students master their pronunciation.

"QU'EST-CE QUE C'EST?" asks Mrs. Smollen as her students' hands quickly go up to answer "C'est une regle." Students take French not only to learn the language, the customs and

culture of France, but also because they feel the need for it in their future.

We Emphasize a Physical Fitness Program

A MODIFIED PULL-UP APPARATUS is being built by Willie Barron and Gary Berhens in Mr. Merry's manual training class, for use in the girls' gym classes.

Today we live on the edge of a new frontier in health and physical education. Through the combined efforts of Miss Thelma Martel, Miss Virginia Gardner, Mr. Edward Melanson and Mr. John Meschino, and in conjunction with President Kennedy's suggested step-up of our nation's physical fitness programs, M.H.S. has a rigorous schedule of exercise. To comply with this plan the manual training classes built special apparatus for the girls' gym class. Every day either in the boys' or girls' gym, straining pupils are found exercising to the count of "one, two, three; one, two, three." Everyone has a workout at least twice a week. The only pupils who escape gym are those who have *Maldonian*, *Blue and Gold*, orchestra, or band. Besides regular exercise, volleyball, basketball, and badminton emphasize team work and co-ordination.

PULL-UPS FOR PHYSICAL FITNESS are performed by senior girls in gym class once a week, in accordance with President Kennedy's fitness program.

M.H.S. Sponsors Driver Education

Malden High School offers a driver education course for all seniors. The highest scorers in a test given in the fall on the motor vehicle laws are placed in the first class. Under the supervision of Mr. Philip Cargill and Mr. Anthony Guarino, thirty hours of classroom instruction is obligatory as well as six hours of actual driving and six hours of observation. The course lasts about ten weeks, at the end of which the students are ready to go up to the registry for their final test. A fifty per cent deduction in compulsory insurance is incentive enough for students to take the course. This year the school was fortunate to be given two new cars, one donated by the Smily Buick Co. and the other by the Ferry Street Motors. Because of this M.H.S. is now able to offer a course in the hydromatic shift as well as in the standard.

FIXING A TIRE is just one of the many bits of driver education learned by Nancy Frank, Eleanor Morganti, Nancy Rosenthal, and Ruth Trackmann.

WHAT'S UNDER THE HOOD? Mr. Guarino explains the fine points of an engine to inquisitive student drivers during a driver education class.

The General Course offers . . .

Arts, Manual Training, Printing

ART STUDENTS TRAVEL FROM GARRET TO BASEMENT. These students from Mrs. Carney's art class thought it would be fun to draw the boiler room. On getting there they found many confusing pipes and wheels. Some of these finished products were hung in the

Scholastic Art Show. With hopes of someday becoming artists, most students take art to learn more about color, types of painting, and sculpturing.

The General Course offers a variety of subjects in the fields of mechanical, artistic, and classical education. With only two required subjects a year, English and history, the general student may elect several of the many subjects offered. Among these are included all the subjects offered in the other four courses. Girls who plan on clerical work take advantage of typing, stenography and other commercial subjects. Boys planning on becoming craftsmen depend upon manual training, printing, and mechanical drawing for their background when entering their chosen fields.

Those who have college in mind, and previously have not had the required subjects for the College Course, take the General Course with college subjects. Future homemakers develop household skills in domestic arts. Besides the usual science classes, those in the General Course also may choose from meteorology, aeronautics, radio, and electricity. From this course as well as from the others at M.H.S., come the future business men, artists, homemakers, craftsmen and leaders of the community.

LUNCH TIME? Not quite. These girls are eating their own meals which they prepared in their cooking class.

NOT QUITE FINISHED — Mr. Merry shows his students that the rough spots on this chair have to be sanded. All boys taking manual training pay for the wood they use and take home their finished products.

Our School Nurse Safe-Guards Our Health

MISS CROWE TESTS BARBARA INDELICATO with the Massachusetts Vision Test. This test, one of the many safe-guards for our students, has been improved with a new machine. A button allows the nurse to turn the vision of one eye off.

MISS CROWE, OUR SCHOOL NURSE, is on call for all emergencies. If a student is too ill to stay in school, arrangements are made to send him home.

Today with our quickening pace, health is of great importance. In compliance with this idea, our health department bought a new Bauch and Lomb Vision testing machine. This new machine, the annual hearing test and such requirements as the sophomore's complete physical examination before entering school are preventive measures. An important part of this department is the guidance of students if defects are found. They are taught ways to overcome the handicap while their parents are directed to professional help.

Our school nurse, Miss Grace Crowe, R.N. is on call all day and is equipped to handle any task, from emergency first aid to dismissing more seriously ill students. Whether it is a cut finger, a sprained ankle, or a headache, we are sure of efficient help and kind understanding.

THE PURE TONE AUDIOMETER TEST is given annually to check the students' hearing.

Custodians keep M.H.S. Sparkling

FEBRUARY, the stormiest Month in Years.

Every day 1700 hard-working students litter the school with their debris. The task of the custodian staff is to clean up after school hours, and to keep the school shining. Because of their efforts, we return to clean pleasant rooms every morning.

Mr. Finn and his efficient crew also have jobs such as painting and plastering our halls and class rooms. They repair furniture, do minor electrical work and handle the P.A. System. They build and take care of sets for the stage. During the winter our custodial staff keeps the building warm and the sidewalks shoveled and sanded. A familiar sight is the cart collecting debris from lunch in each homeroom. You can see the women working diligently cleaning the rooms and halls. No matter how large or small the task, the same speedy but careful attention is given, as they obviously strive to make us proud of our school.

DER DEUTSCHE EHRENVEREIN, headed by Steven Rubin and advised by Mr. Edward Galligan, has had a most successful year. The meetings are held monthly in the Music Room. At the first meeting, Mr. Christopher Legge, a member of the high command during World War II, showed slides and spoke on "The Divided City". For the Christmas party, four members entertained with a humorous puppet skit about an American couple in Germany. Films, with German sound tracks, were shown at another meeting. Also sponsored by the German Honor Society, which encourages the study of the German language, literature, and culture, is the outing at the home of Mr. and Mrs. Galligan; the German banquet where only German food is served; the Ruskin Award, for the highest three-year average in German; and a scholarship to the member who has done the most for the club.

Latin Honor Encourages Study Of Classics

Led by President Susan Shuman and Adviser Miss Demetra Nicholas, the Latin Honor Society meets on the last Friday of every month at 2:00 in the Music Room. Their purpose for gathering is to perpetuate their studies by applying their knowledge of the classics to the present day. There have been several interesting meetings this year. Dr. Russell Bowman spoke on his European trip; Mr. Arthur Mack, who is studying for his Ph. D. in the classics at Harvard, lectured on the life and works of Catulus and read some of his poems, and Mr. George Roselli showed a film on conditions in Russia. Latin Honor also sponsored a theater party who attended "West Side Story" during the Christmas vacation. The Florence G. Whittum Award for excellence in Latin will be given by the club to the highest ranking student in Latin at the Senior Banquet in May.

Under the guidance of Miss Jane Crimmins, the girls of Tri-Hi had another busy year. Usually meeting twice a month in room 321, either after school or at 7:30, they carried on their business and always had an extra attraction, such as a white elephant sale, which added to their wide scope of activities and paid for the turkeys for Thanksgiving baskets. Eileen Riley, their president, helped them to plan a Valentine party, and spring fashion show, in which the girls modelled their favorite spring outfits. Speakers often helped to color their meetings and proved very interesting. Their annual Red Cross drive again proved successful as in years past. Among this club's many endeavors, they present the Carrie M. Darling Award, at graduation, to the girl most outstanding in stenography and typing.

THE TRI-HI GIRLS ran a White Elephant Sale to buy turkeys to put in four Thanksgiving baskets which were distributed to needy families.

The purpose of this club is to enrich these students who are taking French, and who have an interest in French as a whole. On the fourth Thursday of every month at 7:30, the meetings are promptly called to order in the Music Room. These meetings, which are planned by different members of the club each month, enable interested French students to become more adept by actually conversing in French and having lectures and movies. Aside from the educational benefits which are offered, many entertaining games, for example French charades, are enjoyed by all.

HARD AT WORK PLANNING THE ACTIVITIES FOR THIS YEAR are the executive board members of the French club, under president Suzanne Motzkin.

Greenroom Has Another Busy Season

"YOU'VE JUST GOT TO MARRY ME," cries Robert Miller to Margaret Cushing, 1961 graduates who returned to put on a comedy skit for Greenroom.

Under the direction of Mr. John O'Brien, and the leadership of Co-chairmen Marlene Boumel, Maryann Collins, and Sandra Seigel, Greenroom consisting of sixty-one members, had another successful year. The meetings were held in the Music Room on Wednesday of every month, either at 1:45 or 7:30 P.M. The major activity of the year was the scene from *Medea*, performed at the Massachusetts Drama Festival on March 24. Greenroom sponsored several theater parties during the year: they saw *MacBeth* at Stratford, Connecticut; *Great God Brown* at the Charles Playhouse in Boston; and *Othello* at Tufts University, where Robert Miller, a former Greenroom member, portrayed a soldier in the cast. At the senior banquet, an award will be given to a senior actress for her continuous service to the club throughout the year.

C.A.M. sponsored candy sales at school in December to support an Indian boy, the March of Dimes Drive by a benefit game between the girls' basketball team and the faculty, and participated in the Interclub Bowl with Cog against Usona and Lit. Cog Presents David M. Katz Prize

Every Friday in Room 101 at 1:45, Cognoscendi Causa Society holds its business meetings under the direction of Mr. Anthony Guarino and the leadership of its able president, Thomas Laming. Once again, as in past history, the society sponsored the well-known Katz Prize Speaking Contest with Gordon Lurie and Robert Laskoff as its chairman; the winner of the silver bowl was Linda O'Conner. At graduation the club presented an orator's cup to the class orator and its alumni scholarship. The forty-six members enjoyed their annual football, basketball, and softball matches with Lit. A trip to the Hanscom Air Force Base followed after a talk by two of the base's officers at one of Cog's meetings. The members of Cog served M.H.S. as ushers at graduation and football games, and this year as milk salesmen. The society had its annual alumni banquet in April at the Kernwood.

Service and Success Spell USONA

USONA ENTERTAINS THE TEACHERS at their annual tea on the day the faculty filled out the rank sheets for the first quarter.

With the purpose of giving girls with English honor grades an opportunity to work together, USONA was one of the most active clubs in the school. Penny George, president, conducted the monthly meetings in 223 or the Music Room. In the fall, Mr. John O'Brien discussed the subject of segregation; at the Christmas meeting, Headmaster Emeritus, Mr. John B. Matthews, returned to read "The Gift of the Magi"; at other meetings Miss Mary E. Heald showed slides of her trip to Italy, and Miss Danna Crowley spoke about Washington, D.C. Parents attended the two initiations held in October and March. Some of USONA'S services have been collecting for the United Fund, sponsoring a Teachers' Tea, and aiding the new milk program. The girls sang Christmas carols to shut-ins and provided Thanksgiving baskets for needy families.

USONA, WHICH IS OF SERVICE TO BOTH THE SCHOOL AND THE COMMUNITY, includes, *Front Row*, C. Carnes, *publicity manager*; K. Kroms, *deputy*; P. George, *president*; E. Lubin, *vice president*; E. Usually a meeting was held in room 18 every Friday at 1:45. Lit, primarily a service club, sponsored and won the Inter-Club College Bowl with USONA this year, and sold milk at lunch. Also active in another field, that of sports, Lit won the football and basketball games against Cog and also had a softball team. At the annual alumni banquet, which is another of Lit's projects, the Frank A. Bayrd Memorial Award is presented to one of the members for courteous and gentlemanly conduct and for excellence in English and history.

THE INTERCLUB BOWL, sponsored by LIT, which was moderated by Dr. Bowman, came out with LIT-USONA victorious over CAM-COG 135 to 110.

The Hi-Teens, under the leadership of Mrs. Grace Ramsdell, and their president Frances Muse, conducted their meetings at the Young Women's Christian Association Building on Washington Street this year usually on the second and fourth Tuesdays of the month. Since the main purpose of the club is to promote fellowship among the students, the members planned many interesting activities. Service and money-raising projects helped to keep them busy, along with their social activities. A trip to North Conway also proved especially enjoyable; so much so that they are all looking forward to another outing sometime in the near future.

Not only do the members have a chance to learn procedures on the newer business machines, but they also talk over problems which confront them. Junior or Senior Commercial Course students who have good grades and have a genuine interest in this field are eligible to join. As a new activity the club has volunteered to do all the typing for the *Blue and Gold* and the *Maldonian* next year. For such a recent organization, the Business Club is becoming one of the fastest growing clubs at M.H.S.

Today's Publications

MALDONIAN

THE *MALDONIAN* STAFF HEADS met after school every Thursday during the first months of the school year to decide on the cover design and to establish a theme for the book.

NANCY ZIMMAN reveals why people advertise in the *MALDONIAN* at the NESPA conference. Ira Wyman, Ronnie Chernak, and Miss Heald were the other panel discussion leaders from our 17 member delegation to the gathering. At the banquet we heard Mr. Ted Kennedy speak.

WHILE EXAMINING YEARBOOKS at the NESPA conference Miss Heald advises, "Students should take activity shots for their yearbook."

Scarcely had the 1961 *Maldonian* gone to the printer when the 1962 staff started work. After the banquet in May, we began producing the 22 page Spring Supplement, which was delivered in the fall. To all the sophomores and juniors the biography staff sent activity questionnaires, which they filed for future reference in writing senior biographies. Each junior paid his \$3.00 deposit on his senior portraits, which were to be taken at the studio during the summer. Meanwhile, the business staff stamped and addressed the envelopes which would carry the Supplement to all graduated seniors and they collected all the last ad payments.

This fall after analyzing the Spring Supplement for its good and bad points, we set to work on the 1962 yearbook itself. In October many of the staff attended the NESPA conference at Boston University, where four members participated in panel discussions. The biography staff, under Ronnie Chernak and Phyllis Charney, tried out a new system; they interviewed each senior during the S period before they wrote his biography. All this time the other staff members were exiled into Pop Taylor's rifle club lounge. The number of books ordered by the students climbed to over the

1000 mark and our ad staff swarmed all through Malden to get ads which totaled around \$2000. Everybody bought MHS bookcovers and this money went into our conference fund. By December the biographies had gone to the printer and the other pages were moving along. Our photographers, under head "photog" Ira Wyman, in the cleanest lab in years, took hundreds of pictures and printed many times that number. The Sports, Publications and Clubs, Undergraduates, Music, Administration, and Senior staffs scurried about the school covering their respective events. Over in the art room, Pam Willey and her staff drew hundreds of students depicting our theme on the end sheets and dividers.

To our dismay, the deadlines from Mr. Moore came rolling along unstoppable, and the fervor in 403 built up and UP. Starting in January, we received our layouts back from the printer and saw how our ideas looked in copy and pictures. In late March we got a preview of the cover of the book. Now the culmination of six months of work, toil, and fun are passed on to you, students and faculty of MHS, as the 1962 *Maldonian*.

RONNIE CHERNAK, senior biography head, ponders the approaching deadline, knowing her staff has only a few days to finish their section.

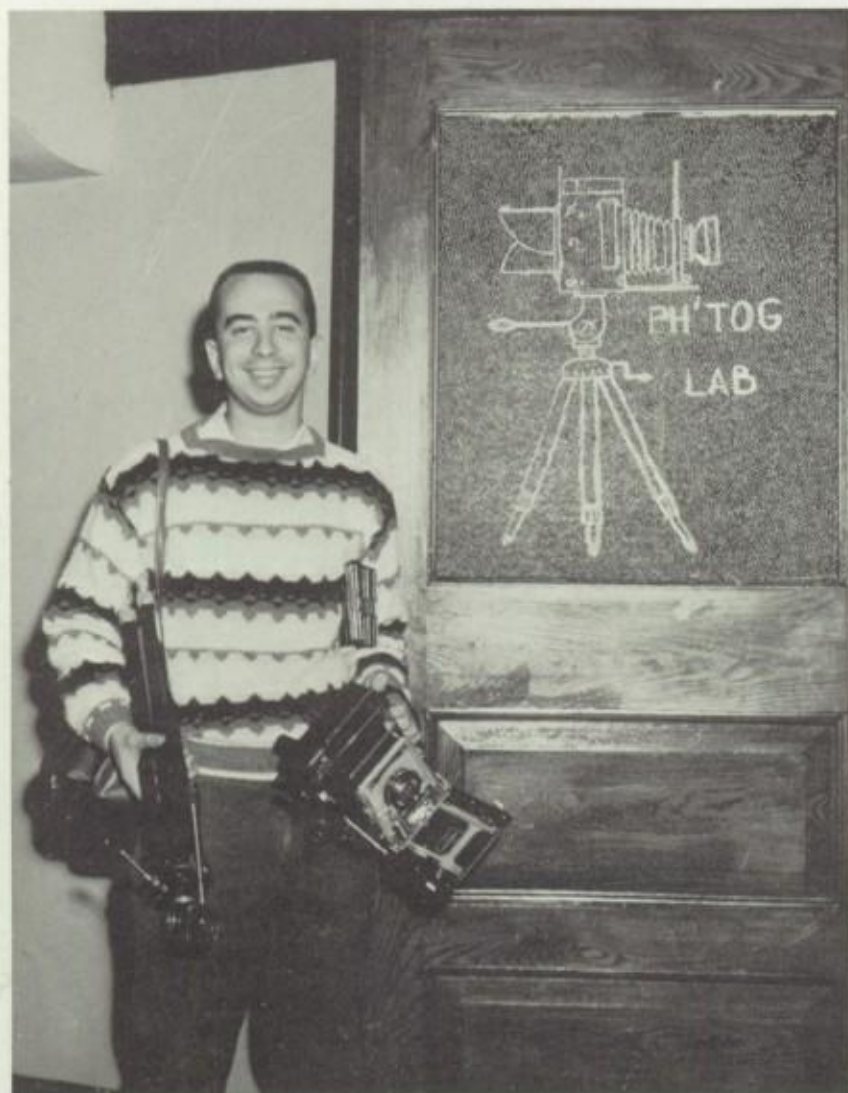

THE GALLEYS AND PROOFS, at last back from the printer, are proofread by the staff members. From this we get a preview of how our pages will look in the finished yearbook.

ROLLING OFF THE PRESSES under the supervision of Frank Rouillard is another finished edition of the Blue and Gold. After about three weeks of editorial work, writing, rewriting, and pasting up three days in advance of the issue date, the layout is sent to the printer. Here at Maplewood Press, Mr. Rouillard and his assistants set it up in type and run it off for distribution to the students and faculty of Malden High School.

SPORTS EDITORS MARTY LAWSINE AND ROBERT KESSLER lead the annual Pre-Thanksgiving Day B&G Rally.

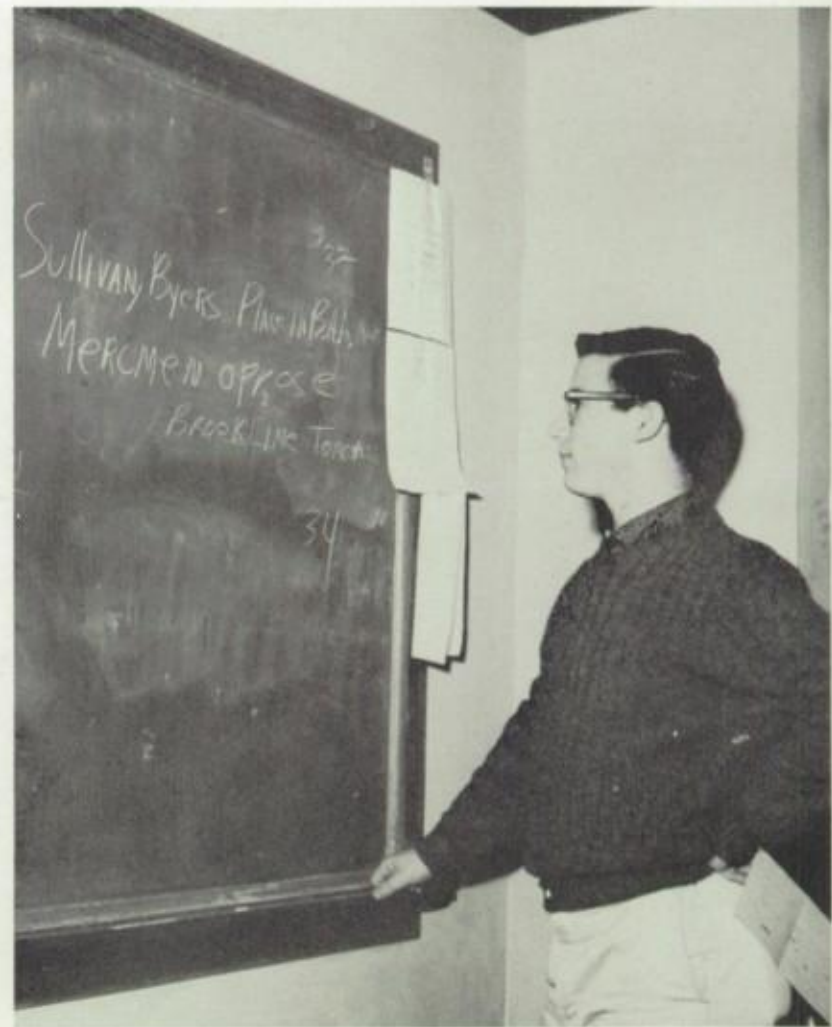

B&G PHOTO EDITOR, ALAN FORMAN, covers events and tells the photogs what pictures he wants.

Distributed twelve times this year, the *Blue and Gold* has been printed since 1915. Under the leadership of its new adviser, Miss Mary G. Tribble, the paper covers all the news events around M.H.S. The staff under Linda O'Connor, editor-in-chief, with Steven Rubin and Carol Strauss, as co-editors, has been keeping up the standards of their C.S.P.A. Medalist paper.

Each time an edition is planned, writing assignments are given to the junior reporters and many editorials are submitted for selection. The business staff, under the advisership of Mr. Paul C. Smith, gathers ads and collects subscription money. As deadline day nears, all assignments are turned in to be checked by the editors and adviser. They then go to be typed and sent to the printer for typesetting. Each member of the staff has a chance to take copy to the printer or go in to Boston to the engravers. The above tasks having been finished, and the copy returned, make-up night keeps the whole editorial staff busy. Usually meeting on the Wednesday before distribution, they develop the layouts for the edition. The *Blue and Gold* is then sent to the printer and awaited eagerly, until the staff distributes it fifth period on Friday.

WILLIAM BUTLAND, ADVERTISING MANAGER, AND TRUDY HARRINGTON, CIRCULATION MANAGER, fold Blue and Golds for distribution fifth period on the date of issue.

LARRY LIEDERMAN, JUNIOR REPORTER, checks headlines on make-up night for his article in the Blue and Gold.

MISS MARY G. TIBBLE, BLUE AND GOLD'S NEW ADVISER, suggests a new position for copy to sports editor, Marty Lawsine.

The Lion Is Wide Awake

BIOGRAPHY, DRAMA, SCIENCE, GRAMMAR, FICTION made up many books available at the Lion Book Sale.

DOZENS OF BOOKS are unpacked by Denise McCarthy and Fay Kaminsky to be placed on sale in the library for the students of M.H.S.

EVERYBODY IS AT THE BOOKSALE trying to find the book they wanted, but instead left with books they never dreamed of buying.

The *Lion*, the literary magazine of M.H.S., encourages students to write articles and read material written by their classmates. Four years ago Mr. Marshall G. Pratt, a former member of the English Department, guided the English Club, under president Marjorie Gordon, in the publication of the first edition of the *Lion*; created in the image of a college magazine, it was an eight page mimeographed booklet. Now it has grown to a pamphlet of three times that size and this year is under the advisership of Mr. John O'Brien.

Shortly after school began in September of this year, the students of M.H.S. subscribed to the *Lion*; this job was handled by Miss Audrey Rain and her business staff. While this was going on, twenty-one students who joined its literary staff, sought out 150 patrons. After Peter Kussell and Steven Hall assumed the position of co-editors, they met once a week in room 215, where they worked at getting together the Book Sale. Finally in January, the Paperback Book Sale which they sponsored was held. The sale had two purposes, one to induce students to buy good literature at a bargain and two to help finance both the library and the *Lion*.

They continued their hard work in getting together all the articles until February vacation; at that time, all the essays, poems, short stories, plays, book reports, and art works, were sent to be judged by professors out side the school. Finally decisions of the judges were made and prizes were awarded to those who had written articles of special merit. After a short while, the layout went to the printer; and by spring, the *Lion* was finished and on its way to the students.

"YOU'LL ENJOY THAT ONE", remarks adviser Mr. O'Brien to prospective readers.

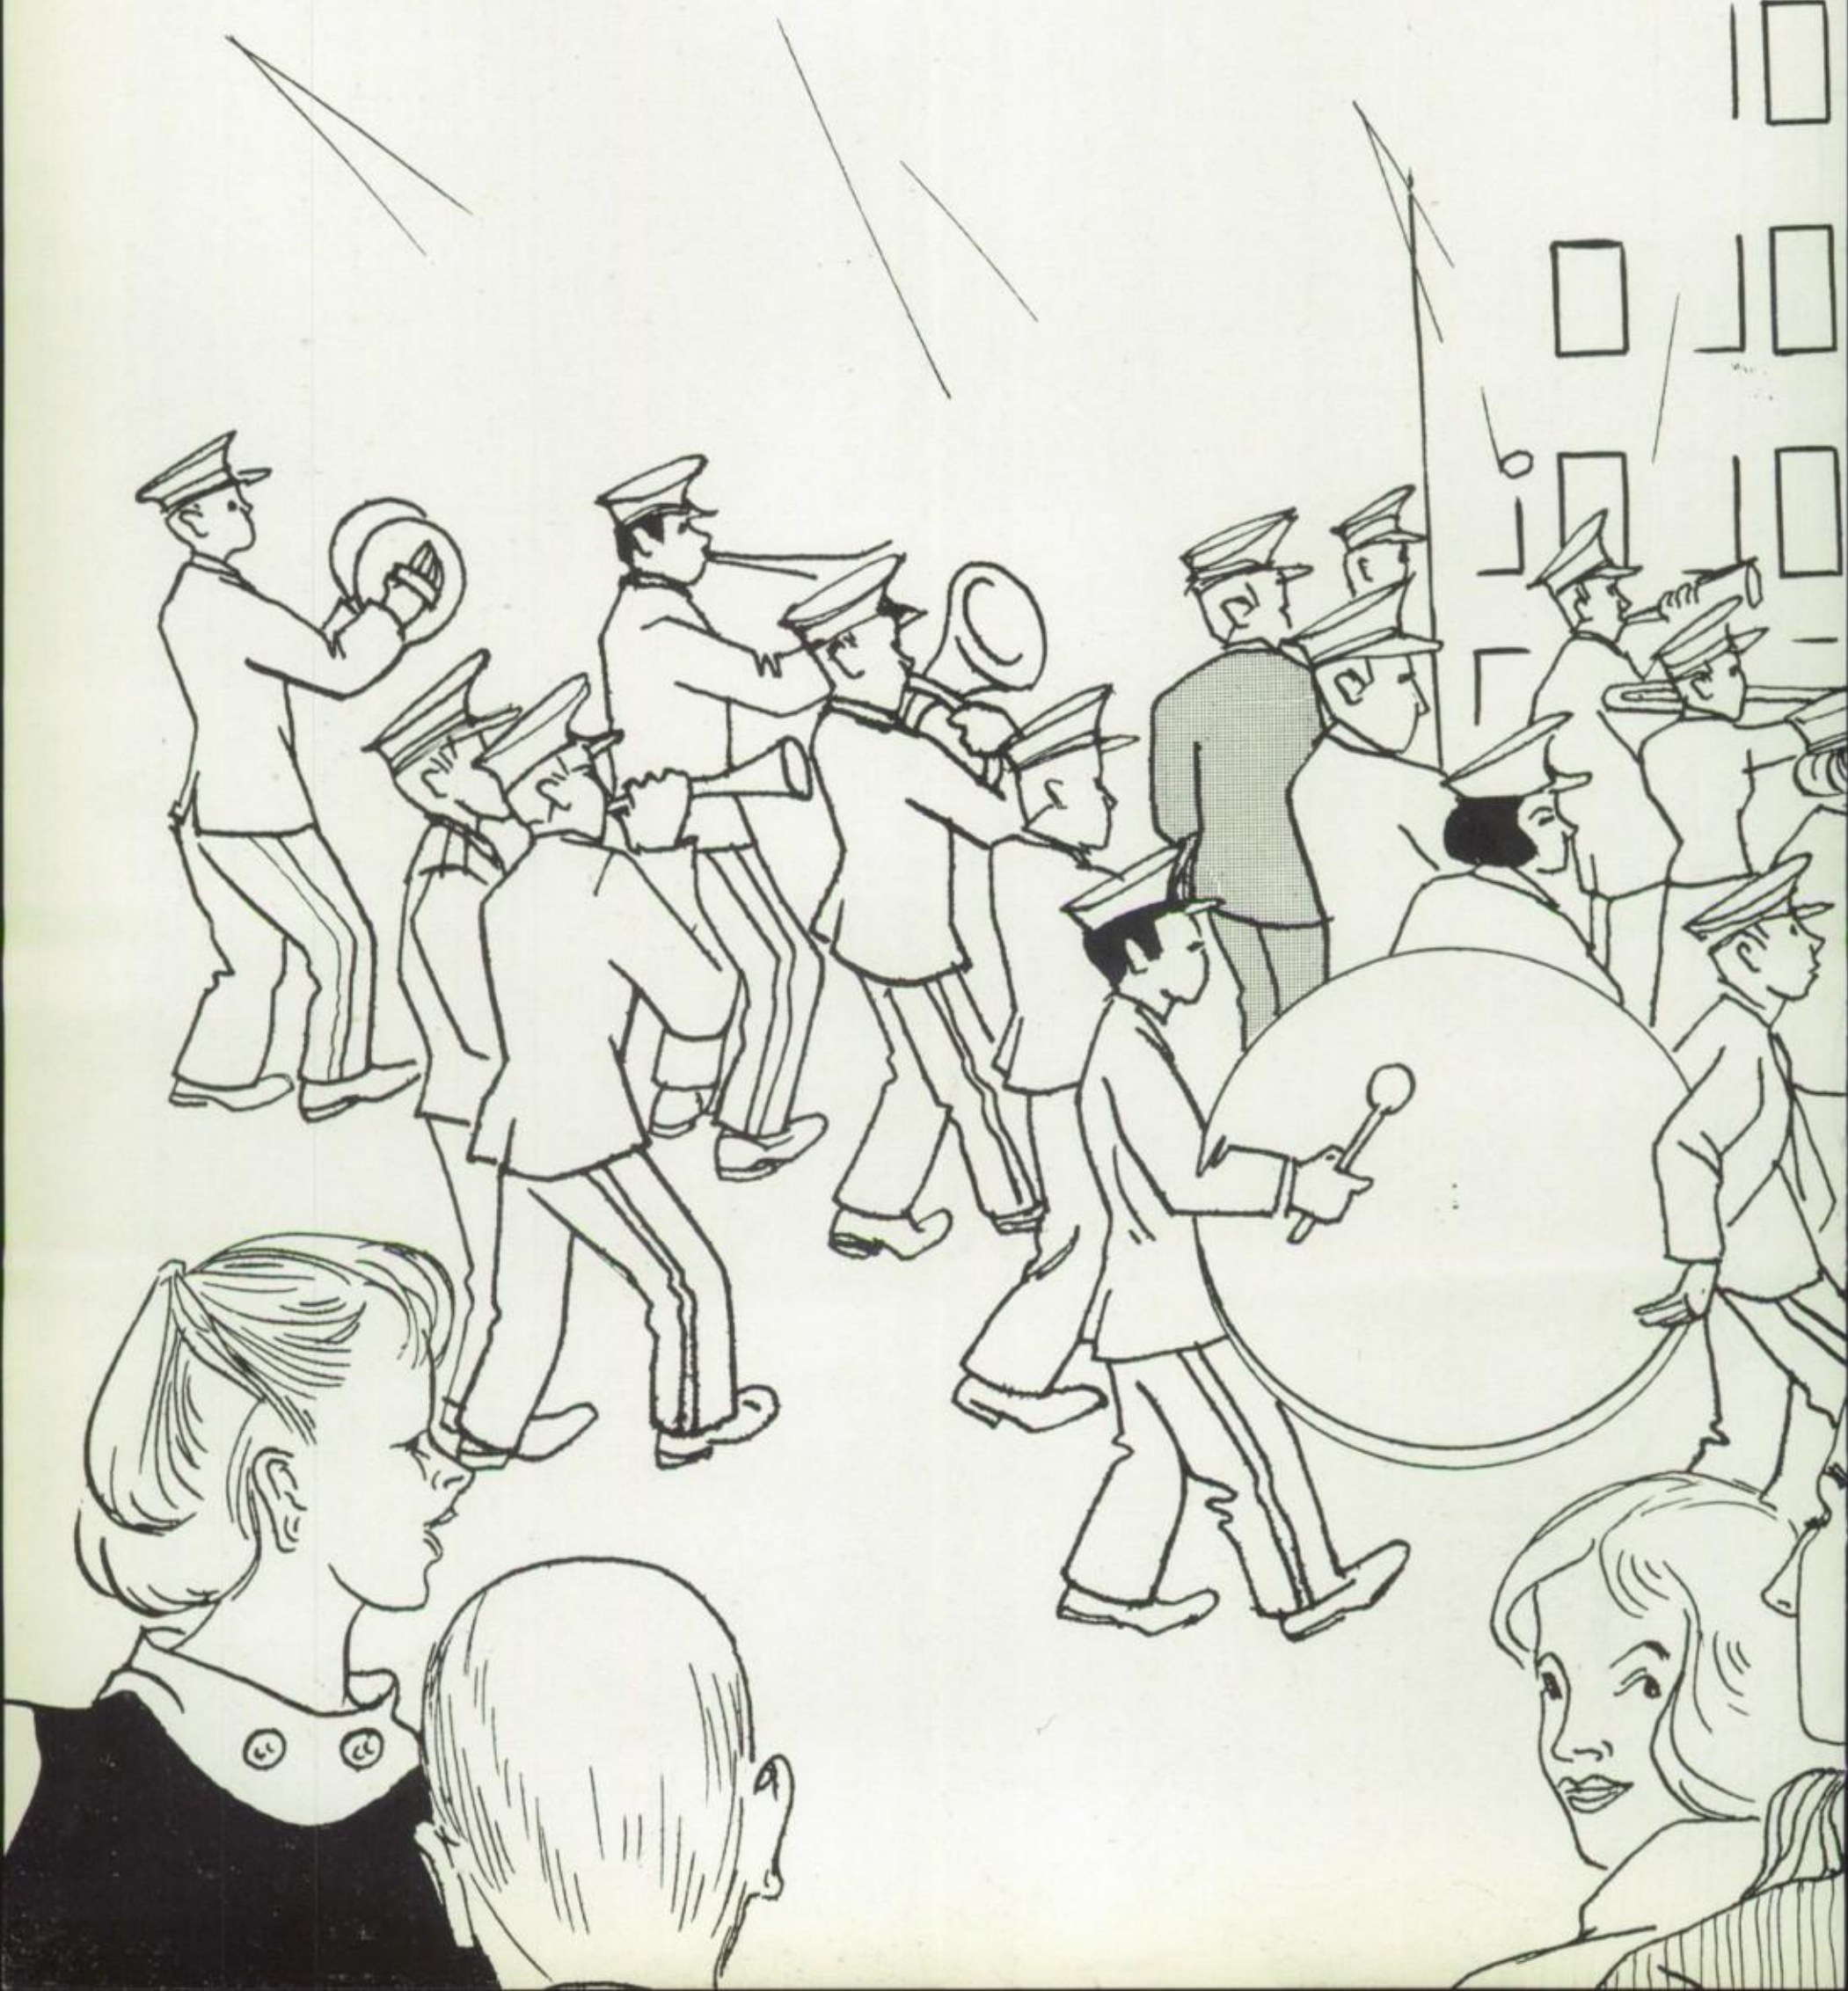

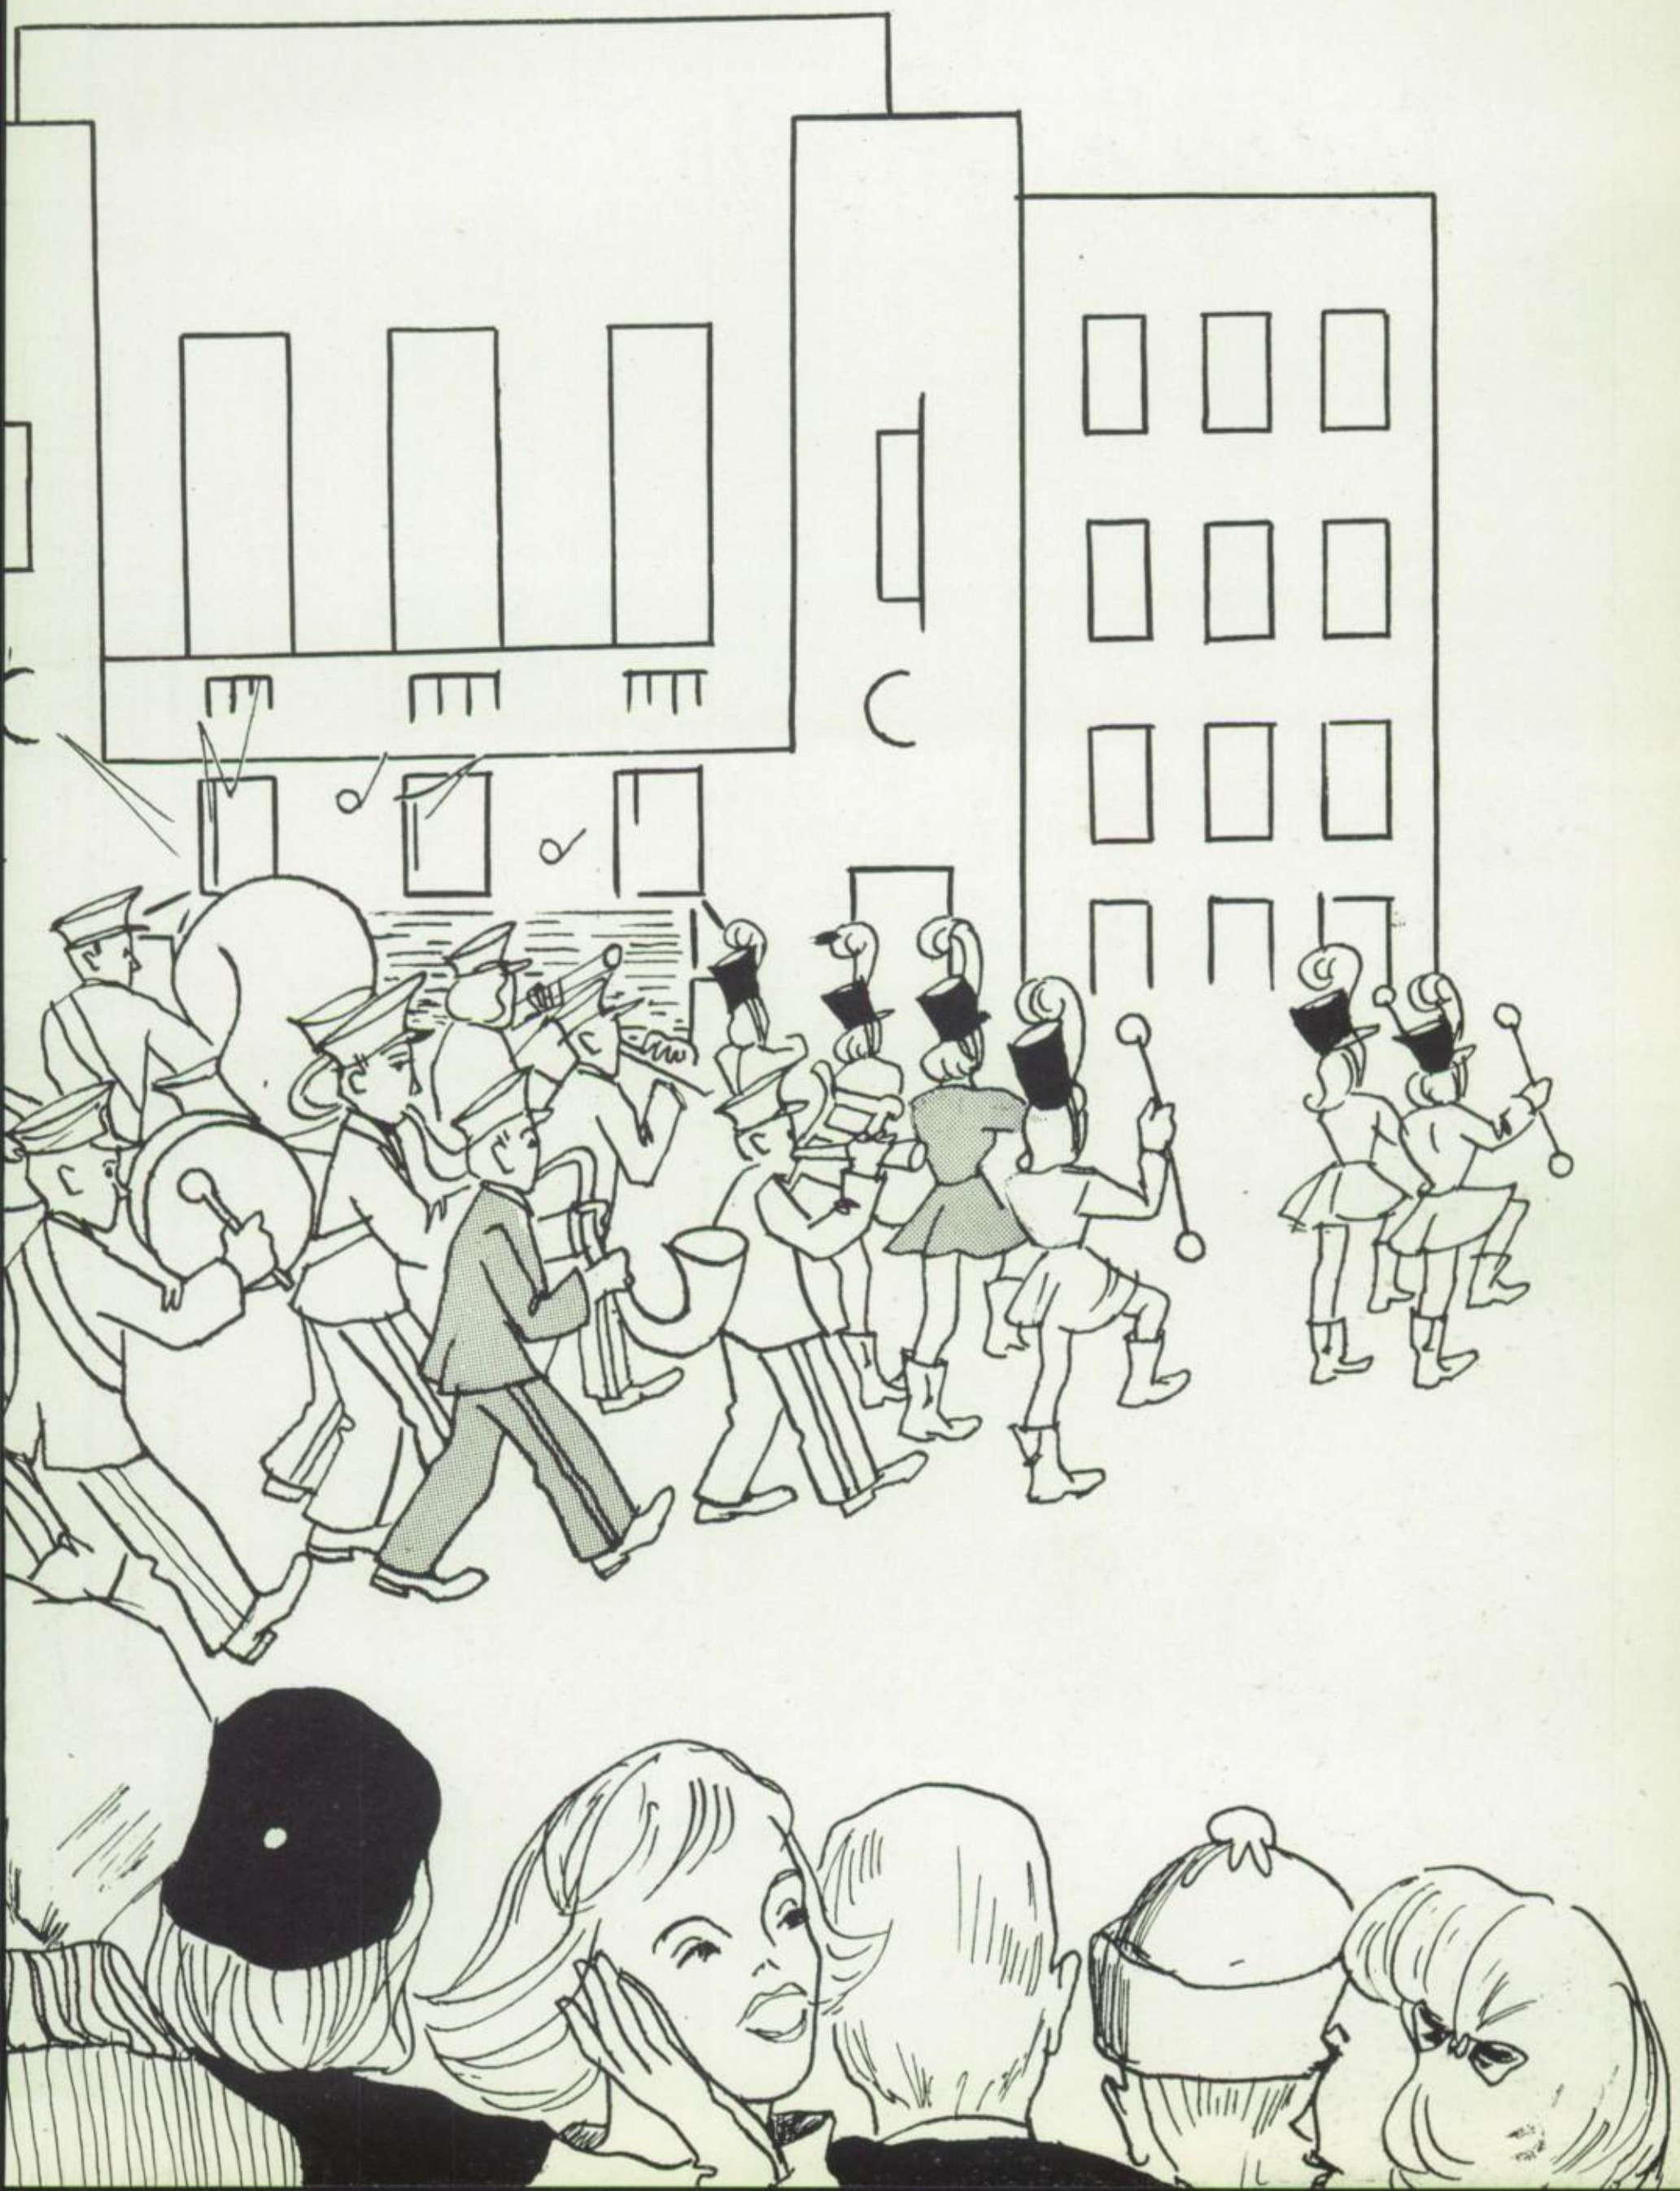

THE LITERARY STAFF of the *Lion*, who are responsible for collecting, assembling, and editing of the poems, essays, translations, and drawings, for the 1962 edition, are *Front Row*, Nancy Zimman, Stephen Hall, *Ass't. Editors*; Mr. John O'Brien, *Faculty Adviser*; Peter Kussell, *Editor*; and Meryl Kennison; *Row 2*, Nancy Daforno, Diane Sumberg, Jane Bougess, Gerald Fine, Ellen Pansen, and Esther Yelgin; *Back Row*, Fay Kamisky, Janet Johansson, Brian Mishana, Janet Silverman, and Denise McCarthy.

Under the direction of Mr. Love . . .

Today -- The Orchestra

During the course of one year, the thirty-five members of the orchestra not only work hard, but also "play hard" to produce the music one hears at the Senior Play, Junior Varieties, Spring Concert and many other varied functions.

However, it is not all work, for these illustrious musicians enjoy a close relationship with their patient director, Mr. Robert K. Love. Every day during the fifth period, they assemble in the Music Room to practice, attempting to bring the music of the school to a higher quality. The type of music is not limited, and the orchestra has played everything from marches and jazz to waltzes and symphonies. Members also have ample opportunity to further their technique by playing solos and ensembles. In order to broaden the musicians' background and appreciation, Mr. Love sometimes devotes a practice session to showing films of professional artists' concerts. At the end of the year a letter is awarded to each senior orchestra member for his or her three years of service, a reward justly earned.

The orchestra members whose number exceeds that of recent years, have enjoyed a prosperous and highly entertaining year which they will remember always as they look back upon — TODAY.

NANCY JAMES, along with the other orchestra members, believes the axiom "Practice makes perfect." Every fifth period in the Music Room they practice for their many appearances.

Entertains at Many Affairs

"MEET ME AT THE PROM", this year's Senior Class Play, was made more enjoyable by the M.H.S. orchestra, which, under the capable direction of Mr. Robert K. Love, entertained the audience between the acts

with their renditions for "Siboney," "Temptation," and Rodgers and Hart's "Blue Moon."

RIGHT. FIFTH PERIOD finds Nancy James, Diane Brookes, Peter Batting, and Robert Johnson with a song in their hearts and an instrument in their hands adding their respective tones to those of the orchestra.

Left. THE ORCHESTRA, which wafts the sound of music through the corridors of M.H.S., includes, *Front Row*: J. Seder, T. Martino, S. James, P. Faucher, L. Hartman, A. Falardeau, J. Assetta, *Row 2*: P. Smith, D. Slater, B. Gabewitz, B. Shatz, G. More-schi, Mr. Robert Love, *director*; B. Teder, A. Wartell, L. Actor, *Row 3*: D. Brookes, L. Harding, T. Cosgrove, W. Fesse, K. Bartlett, J. Dahlberg, R. Johnson, P. Batting, R. Aucoin; *Back Row*: A. Vazquez, F. Moller, W. Crowe, R. Fransen, N. James, A. Clarke, F. Arnold, R. Buzzell.

Choral Art Sings at Christmas

FAMILIAR CAROLS resound through the corridors as the Choral Art Society serenades the school and helps spread Christmas spirit to all M.H.S. students. Here they pause on the stairs during their annual carol tour on December 19.

MR. ROBERT K. LOVE has reason to smile as he assumes the double role of accompanist and director for the Choral Art Society. This talented musician's facility on the piano is always admired and enjoyed by his audiences, but is particularly appreciated by the students of M.H.S.

"AND ON EARTH PEACE, GOODWILL TOWARD MEN," reads Diana Brookes as her fellow Choral Art members look on at the Christmas Assembly on December 22, in the Jenkins Auditorium. The Christmas story according to St. Luke is a traditional part of the annual assembly.

With Richard Aucoin as president . . .

The Choral Art Society Enjoys a Busy and

HEADING HOME, Mr. Love chats with some Choral Art members as they board the bus after a successful concert. These young people participate in many programs in Malden and in neighboring communities, broadening both their cultural and their musical backgrounds.

RIDING IN STYLE, these enthusiastic vocalists, with a sprinkling of instrumentalists, look forward to another pro-

gram of harmonizing. During the year the Choral Art Society presents many concerts for local civic organizations.

Successful Schedule

"NIGHT AND DAY" SINGS RAYMOND DOMENICO AT THE CHORAL ART CONCERT AT LINCOLN JUNIOR HIGH ON FEBRUARY 12.

"Music hath charms to soothe the savage beast," and in this capacity the Choral Art Society is expert. This mixed selected choral organization is often heard in the Music Room during "S" periods practicing diligently. They sing at concerts at the three junior high schools in Malden, the Rotary Club, the Memorial Day and the Choral Art assemblies, the Junior Varieties, and the annual Spring Concert. A featured event is the annual Christmas Carol tour through the corridors of M.H.S., followed by the Christmas Assembly, in which all the musical organizations participate.

This would not be possible without the guidance of Mr. Robert K. Love, director, working with Richard Aucoin, president; Thomas Harding, manager; Diana Brookes, secretary; and Susan James, librarian. The Choral Art Society strives to attain excellence in group singing, but Mr. Love encourages soloists to display their talent as well. Participating in many programs gives the members of Choral Art an opportunity to harmonize socially as well as musically. Thanks to much hard work and many long hours, this year has been a successful one for the Choral Art Society, one which will distinguish itself in the annals of M.H.S.

THANKS AND CONGRATULATIONS are extended to Mr. Love by Mr. James A. Cronin, the principal of Lincoln Junior High School, for the excellent program rendered at that school on February 12 by the M.H.S. Choral Art Society.

Under the direction of Dr. Silverman . . .

"DEFEND AMERICA," played the band at their first appearance at Pearl Street Stadium. During the half time show, assisted by the majorettes, they saluted the Malden

fans with an "M" while at the same time honored the Weymouth fans with a "W".

One Hundred Forty-Five Band Members Join in

"DECK THE HALLS" plays the band, as Ellen Kussell directs them with frost bitten fingers on this cold December morning in front of the school.

"DRUMS, ROLL OFF," commands President Minda Solomon as the band adds color to the *Blue and Gold* football rally in the Jenkins Auditorium.

THE MALDEN HIGH SCHOOL BAND marches over the well trod roads en route to one of their football games at Pearl Street Stadium. As the one hundred and twenty pieces sounded loud and clear, many

shoppers turned out to watch the Blue and Gold band members pass by, with the hope of victory in their eyes.

Many Activities

Under the direction of Dr. Herbert H. Silverman and his assistants, Mr. Henry Carrai and Mr. Patrick Melchionda, the Band extends a warm welcome to the spectators at football games. Every first period, the sound of music can be heard through the corridors from the Gay Auditorium. Wednesday nights; they practice in the Marshall Gym or in the Gay.

The one hundred forty-five members join in various activities besides football games. They also perform at the Thanksgiving Rally, participate in the Memorial Day and Veteran's Day Parades, give a Spring Assembly, go on a concert tour trip in the Spring, and assist at graduation. At least once, each senior has a chance to direct at one of these functions.

There is another part of the band which adds flavor to their performances—the majorettes. Most people are not aware that our talented twirlers also play instruments. At concerts, when not participating in a novelty routine, the majorettes return to their seats and join in playing the other numbers.

However, neither the band nor the majorettes could function half so well without outside support. In this area, a great deal of credit is due the loyal band parents who, led by Mr. Henry Gordon, president, give of their time every second Wednesday stringing tags and preparing for tag day; discussing financing of the concert tour trip; and after the trip, viewing movies of it. They also serve cocoa to the band at football games. No other school organization has such support from the parents. Thus, aided by parents and their directors, adding color and life to our school, the largest band in M.H.S. history plays on.

CLEAN WHITE BUCKS, all in step, set the pace on a crisp fall morning on the way to one of our football games at Pearl Street Stadium. Off to the left can be seen some of the Pep Club's loyal members.

WITH A "WINNING" SMILE, adorable Sandy Golomb, our head majorette, leads the band and majorettes back to M.H.S. after our tremendous victory over our traditional rival, Medford High, on Thanksgiving Day.

The Team That Can't Be Beat Won't Be Beat

CHEERLEADERS RAISE THE ROOF OFF THE JENKINS AT 13TH ANNUAL THANKSGIVING DAY RALLY.

MR. MELANSON points out that the game will be a good one, as the teams are equally matched.

"OUR COLORS ARE THE BLUE AND GOLD, our war cry M.H.S.," sings Neddie with the cheerleaders and majorettes as he gaily dances among them at the Thirteenth Annual Thanksgiving Day Rally. Nedlam, whose name is Malden spelled backwards, came to life out of the Malden High School seal, when he was created by the 1959 *Maldonian* staff. Since that time he has been an active participant at all our rallies, football games, and many other sports gatherings.

BIG CHIEF JANICE, with her chiefs and tribe behind her, leads the way to the traditional Malden-Medford game on Thanksgiving morning.

On November 22, 1961, after the third period, the student body and faculty of M.H.S. stormed into the Jenkins Auditorium for our thirteenth annual *Blue and Gold* football rally. Robert Kessler and Martin Lawsine, masters of ceremony, presented the cheerleaders and majorettes who preceded our proud football team down the aisles. Remaining in their seats in the rear of the auditorium, the Pep Club supported the cheerleaders with many cheers for the coaches and team. Making their debut of the year in the Jenkins, the band played the school song, "To Be A Football Hero," and several other selections.

The speakers included Mr. Webster, as headmaster this year instead of faculty manager, and Coach Melanson. Seated on the stage with the new faculty manager, Mr. Oxman, were the coaches and the co-captains of the Golden Tornado.

On that misty Thanksgiving Day morning, some 10,000 fans jammed Pearl Street Stadium for the 74th Annual meeting of the Malden and Medford teams. Playing on a soggy and somewhat muddy field, the Tornadoes scored five touchdowns, one by Joe Massaro, and the remaining four by Steve DeSimone, who set a new individual record in the nation's second oldest school football rivalry. Winning the game, 34-12, Malden achieved its sixth straight holiday victory, and everyone went home to enjoy his turkey.

HAPPY ANNIVERSARY Celebrating their 14th wedding anniversary, Mr. and Mrs. Boyle are presented with a beautiful cake by Gail Hannifan, Janice Berg, and Phyllis Webber.

OUR NEW LEADING FAMILY enjoyed themselves greatly at the Thanksgiving Day Dance with Dr. Brown of the School Committee and Mr. Banks, Chairman of the Stadium Commission.

FOOTBALL USHERS, who perform such services as collecting tickets and directing fans to their seats are; *Front Row*, Marsha Schultz, Mary Jo Gianatassio, Lillian Chamberlain, Lois H. Melanson — Chief Usher; Gail Morechi, Susan Schuman, and Arthur Gilman; *Row 2*, John Vraughton, Carol Gordon, Frances Muse, Kathleen Horton, Diane Coffey, Vera Rivers, Barbara Romboli, and Lawrence Shulger; *Row 3*, Althea Kennedy, Sheldonna Garfield, William Pfeil, Patricia Sullivan, Joanne DePiano, Lois Sheinhart, and Lawrence Bushner; *Back Row*, Sandra Brown, David Adleman, Virginia Conway, Robert Lewin, Daniel Bornstein, Noreen McNulty, and Adele Gaulin.

Despite the misty and somewhat foggy evening, many alumnae, teachers, and students turned out for the Thanksgiving Home Coming Dance on November 24, 1961 to see the crowning of the Queen of the Golden Tornado and to celebrate our 34-12 victory over Medford. The football players, cheerleaders, and Queen's court, which included, Diane Petto, Frances Colecchia, Doreen Federico, Trudy Harrington, Mary Williams, Janis Moffett, Althea Kennedy, Barbara Romboli, Sandra Golomb, and Georleen Howlett, added to the excitement and thrills of the evening along with the entertainers Alyce Greenlaw and Marie Lacey.

In the middle of the evening, Mr. and Mrs. Boyle were presented with a cake for their 14th anniversary by Cheerleaders Janice Berg and Gail Hanifan, and the Chairman of the dance, Phyllis Webber, who was also the mistress of ceremonies. Right before the crowning of the queen, Mr. Melanson presented Steve DeSimone with a trophy for being the most valuable player at the Medford game, and one to Jerome Paoluccia for good sportsmanship and character.

The highlight of the evening came when Barbara Foley was crowned the fifth Queen of the Golden Tornado. Chosen by Joan Berg, last year's queen who was unable to attend, Terry Grant crowned Barbara Queen of the 1962 Season.

Among the honored guests were Mr. Webster and his family, Dr. Bruce Brown of the School Committee, whose daughter is our new guidance counsellor, Mr. Waldo Banks, chairman of the Stadium Commission, Miss Thistle, Miss Breslin, and of course, Mr. Melanson and Mr. Finn.

PASS-CATCHING HALFBACK, Steve DeSimone, shows both skill and grace as he leaps high into the air to receive a pass from quarterback Lou Tomasello. With additional plays like this, Malden came back to defeat Somerville 30-6 in the last quarter.

HARD-HITTING MELANSONMEN pose momentarily as a Maldonian photographer records the action of one of the season's first plays. Although Malden came within four yards of scoring in the last few minutes of the game, they failed to beat Waltham as they went down fighting 14-8.

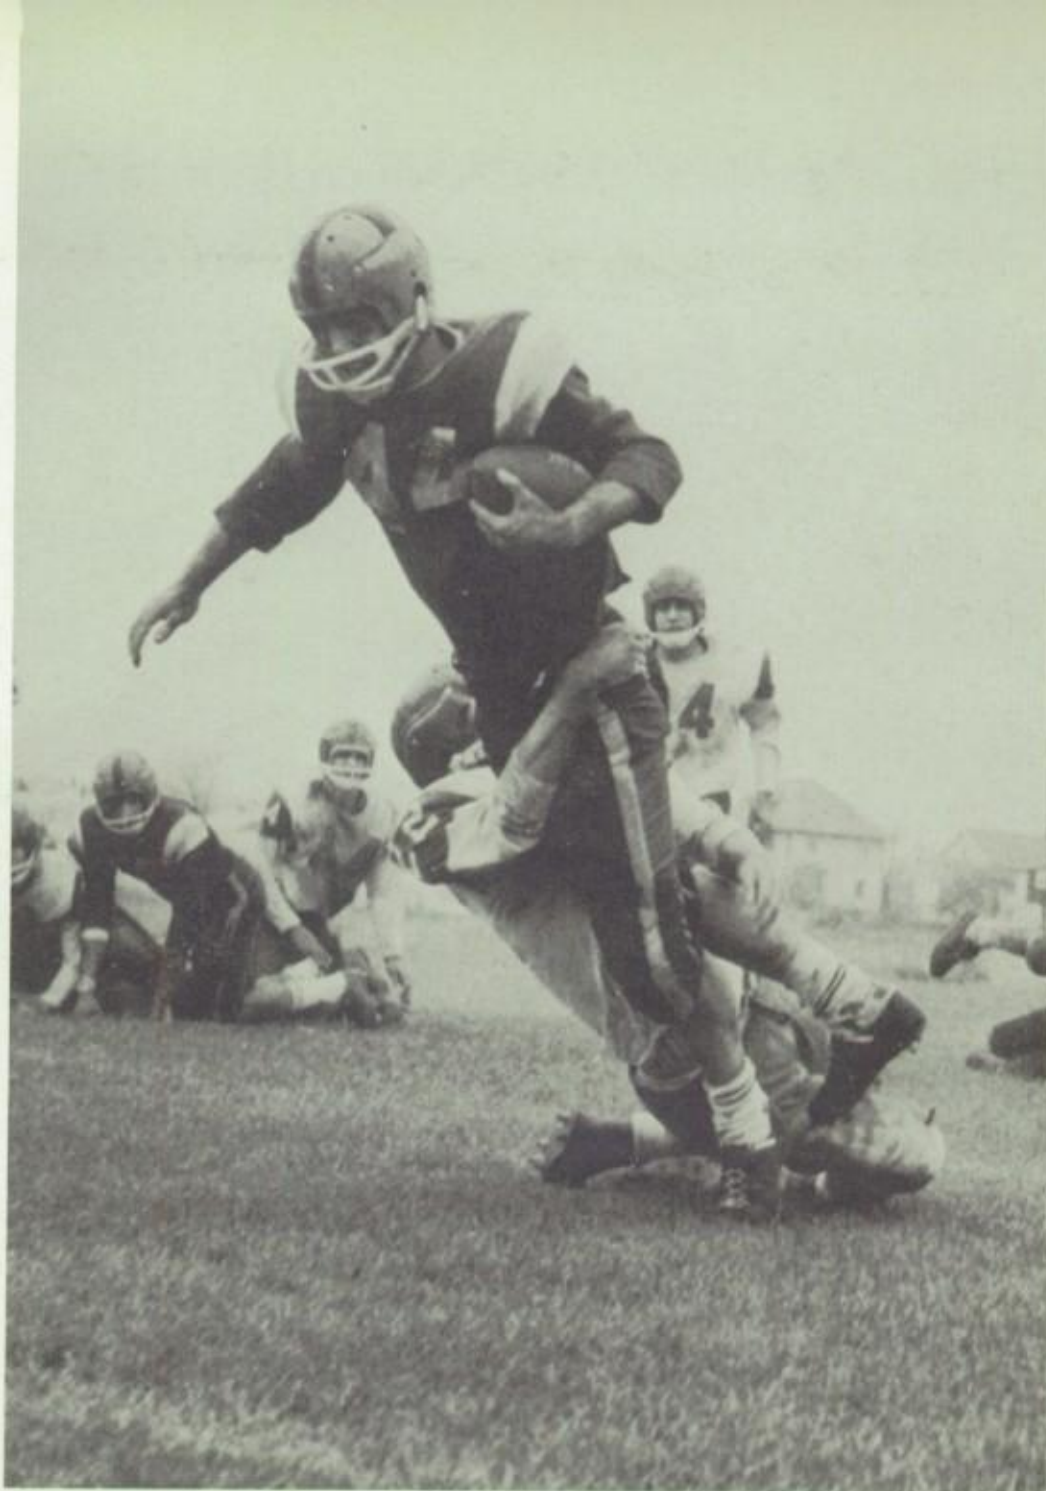

Despite tough competition and a return of only three players from last year's championship team, Malden High won five games out of nine. More than half of the eighteen starting players wore Golden Tornado uniforms for the first time. The team, co-captained by Joe Massaro and Joe Buckley, was under the direction of Coach Edward Melanson, Assistant Coach Jack Hussey, and the new assistant coach, John Meschino.

Although the Golden Tornado started the season by losing 14-8, at Waltham, Quarterback Lou Tomasello performed at his best, for he threw a touchdown pass to Steve DeSimone and later scored two points with a pass to Bill Carty. In its first home game, Malden's injury-plagued team lost to Haverhill, 36-12; senior Bob Buzzell, playing his first year of football at M.H.S., scored our two touchdowns.

In next week's game, Malden, who had taken a 32-0 lead after the first twenty minutes of action, defeated Weymouth, 38-16; Lou Tomasello led the way by completing nine out of thirteen passes, one of which was a touchdown pass to Bill Carty. Also scoring for Malden were Joe Massaro with two touchdowns, Dennis Della Piana, and Mike Manzi.

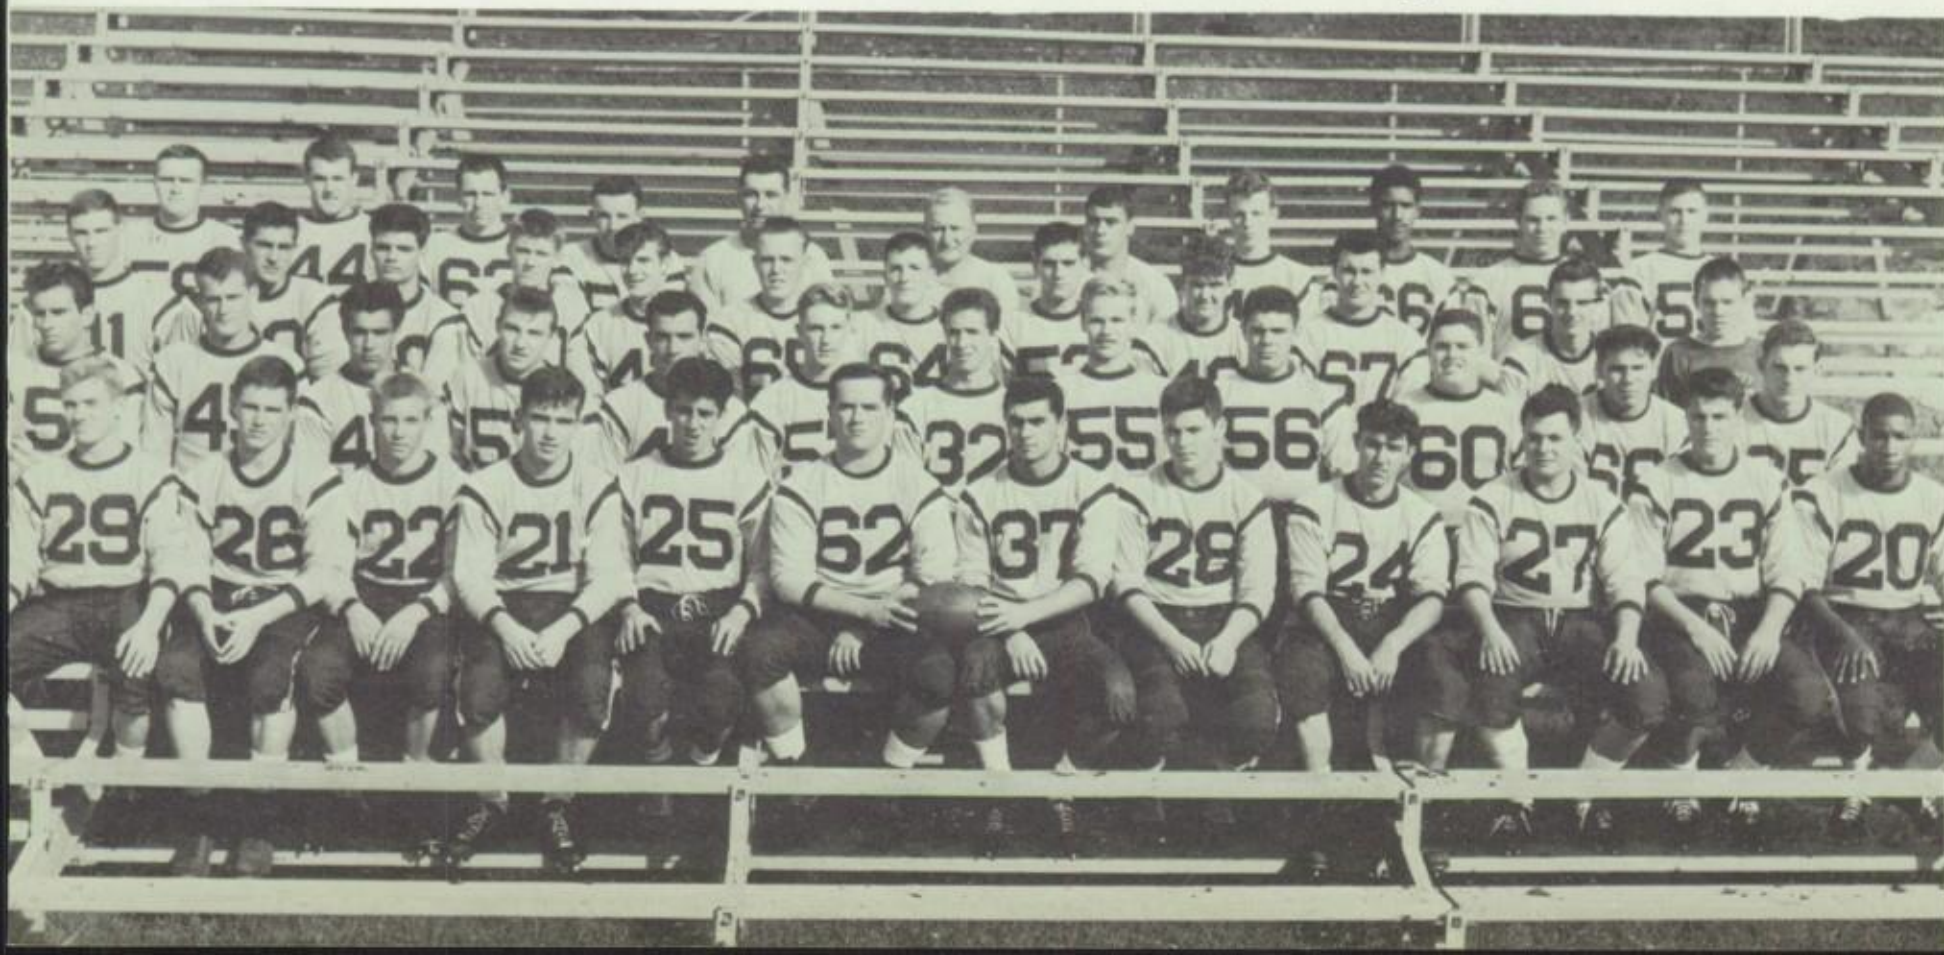

Displaying great playing ability, the Tornadoes won three out of the next four games. In the Quincy game they scored a 14-0 victory with a touchdown pass from Tomasello to Carty and another 83-yard touchdown by Bob Buzzell. Playing against Watertown, even though the Tornadoes were the stronger of the two teams, Malden was upset, 8-0. Beating Chelsea, 16-0, with DeSimone's two touchdowns, the Golden Tornado scored its 20th straight G.B.L. triumph. In its third away game, Malden came from behind and trounced Somerville, 30-6; they scored two touchdowns in the last minutes of action.

Before its successful contest with Medford, Malden lost to Everett, 28-6, ending our 20-game league winning streak. As a result, Everett received first place in the G.B.L. The Tornadoes ended the season by winning their sixth straight Thanksgiving Day game over Medford, 34-12, and achieved second place in the G.B.L. Next year's team shows great promise, since almost twenty varsity lettermen will return.

THE TOWER OF POWER, Bob Buzzell, grinds out short yardage in the Somerville game as teammate Dennis Della Piana looks on. The surprise of the year, Bob, thrilled Malden fans many times as he broke loose for long yardage and touchdowns again and again.

THE TORNADOES OF 1961, winning five out of seven league games to capture second place, consist of *front row*: F. Johnson, M. Hatch, E. Zimmerman, R. Harris, P. Marsinelli, J. Buckley, co-captain, J. Junior Varsity Football

Met with the problem of tough competition within the League and the fact that so many players were given to the varsity, Louis Ciarfella and Joseph Sacco claim a record of one win, one tie, and four losses this year.

The "Bonecrushers" got off to a poor start by losing the first four games. Having gained experience, they managed to tie the fifth game of the season against Stoneham J.V., 14-14, and finished the season with a 20-6 victory over the Somerville "B" Team. Outstanding players were George Skimone, Bruce Taylor, and Owen Knight.

Junior Varsity Basketball

Coached by John L. Hussey, the 1961 Junior Varsity Basketball team recorded its most outstanding season in M.H.S. history. Winning fourteen out of eighteen games separated the team by only thirteen points from an unbeaten season. Displaying great basketball sense, the squad averaged from 50.1 to 35.2 points per game. They won their first four games from Lowell, Quincy, Medford, and Everett. After losing the next game by only two points to Revere, they won the next three games from N. Quincy, Chelsea, and Nashua. Defeated by Somerville twice and Everett once, the club won seven out of the last ten games from Lowell, Quincy, Medford, Revere, N. Quincy, Chelsea, and Nashua.

In regard to the players there was great competition, desire, and spirit. Outstanding scorers were Ira Mahakian, Dave Barriss, and Rod Forbes with 12.7, 12.5, and 11.7 averages, respectively. Sensa-

tional rebounders were Pat Gillen, the unsung hero, and Bill Mooney.

The Varsity Basketball team, led by Coach Arthur Boyle and Assistant Coach Jack Hussey, completed one of its greatest seasons, which was highlighted by entrance into the Tech Tournament. The Golden Gale began the season with a 54-45 win over Lowell. Running into a strong Quincy team, they were badly defeated, 81-52. The club came back with a 59-55 win against Medford. In Bangor, Maine, the Golden Tornadoes lost in overtime by only two points; the score being 52-54. Achieving an overwhelming streak of twelve wins, the Tornadoes regained first place in the G.B.I. league. They defeated Everett, Revere, and North Quincy. At home, they trounced Chelsea with a score of 93-55. The team triumphed against Nashua, Somerville, and Lowell and managed to beat Quincy in their second game of the season. Medford and Everett were once again defeated; and the 87-26 defeat over Revere scored the largest margin in points between two teams. A great disappointment was the 70-75 loss to Chelsea. Winning 62-57 against Somerville, Malden prevented them from qualifying for the Tech Tournament for the first time in twenty years. In the last game of the season, Malden romped to an easy 80-44 triumph against Nashua. The coach gave everyone a chance to play in this game in order to warm-up for the forthcoming Tech Tourney.

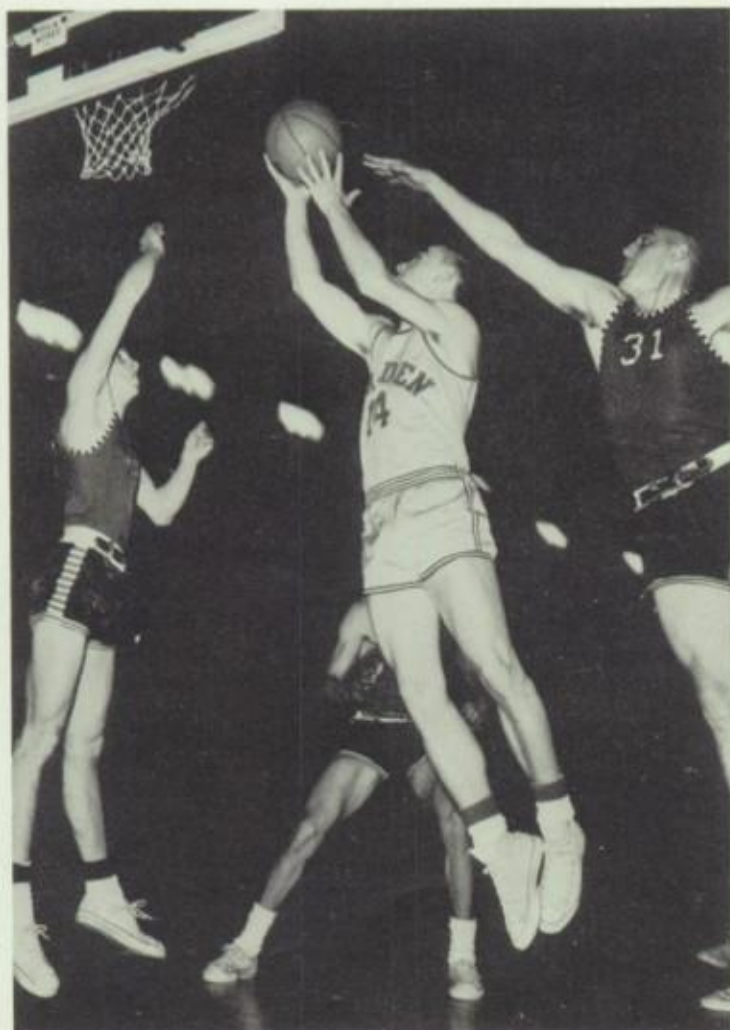

Willie Barron, the greatest player that was ever produced on a Malden court, had an average of 34 points a game, with a single game high of 42 points. He also set a new record of 566 points for the season.

REMEMBER, RED, easy does it! We want to control the ball and take the best shot. In this overtime thriller against Quincy, they gained first place in the league.

Cheered on by hundreds of loyal fans in Boston Garden, on February 28, Malden marched to a 76-63 victory over Chelsea in the first game of the Tech Tourney. Led by co-captains Willie Barron and Buddy Arthur, the Golden Gale quickly gained a lead which Chelsea could not overcome throughout the game. Both Willie and Buddy seemed to be inspired by the shouting cheerleaders and screaming pepclub members as they piled up a total of 62 points between them.

On March 5, the victorious Malden five entered the quarter finals against Quincy. A crowd of over 10,000 people came to see the game which turned into a real thriller. Quincy outscored Malden in the first quarter, but this was soon wiped out when the Golden Gale surged ahead to an eight point lead. Tied 58-58 at the end of regulation play, the game went into overtime. This turned out to be the end for Malden as a strong Quincy team outscored them 8 points to 4, ending with a final score of 66-62.

"Goldenrods" Co-Champions of M.H.L.

CO-CAPTAINS JOHN LAFAUCI AND EDDIE DONAHUE rush up for a goal against Chelsea.

In the third season of the Metropolitan Hockey League, the "Goldenrods," coached by Mr. McGeoch, tied Christopher Columbus for the league championship, thus being crowned co-champions. Co-captain Edward Donahue was highest scorer in the league with 28 points and Michael Marino was third with 20 points. Joseph Ferrara was considered the "Outstanding Schoolboy Goalie" by competent observers. Although unable to play most of season because of a broken ankle, Co-captain John LaFauci returned for the last four games, and played exceptionally well.

The boys practiced at the M.D.C. rink in Stoneham and two afternoons a week in Lynn. The team kept up their good work, winning more games than any other team in the league. Their three losses were sustained at the hands of Quincy, N. Quincy, and Revere. The season was highlighted by a strong finish which took the team through its last five games undefeated. The above record qualified the M.H.S. pucksters for the State Tournament. However, their bid for future glory was thwarted by a strong Cambridge Latin team which defeated them 4-0. In recognition of their successful season the hockey team was honored by the Golden Tornado Club at a banquet and they were given jackets.

Golden Tresses Have Fair Season

"JUST WHAT I NEED," Miss Gardner tells the girls as she proudly holds up the ski sweater that they gave her at the end of the season.

"KEEP YOUR HANDS CLOSE TOGETHER," explains Coach Gardner to her eager team as she demonstrates the proper way to hold a hockey stick for a drive.

Even though the Golden Tresses played valiantly this season against Wakefield, Saugus, and Lynnfield at Pine Bank, and against Belmont, Woburn, and Arlington on their home fields; the only goals they were able to secure were against Belmont and Woburn in the first two games of the season. At each of the six games, a different senior acted as captain. The team, being one of the smallest Miss Gardner has ever coached, practiced every day at Pine Banks and in the gym many days due to bad weather. At the end of the season the girls presented Miss Gardner with a ski sweater as a token of their appreciation.

This year as always the Rifle Club was one of the school's most popular clubs. On a Tuesday, Wednesday, or Thursday you could hear the shots re-echo from the range as the girls practice after school and the boys at night. While five people shoot at the firing line, under the direction of "Pop" Taylor, the others can be found in the club room playing ping-pong, doing homework, or just telling jokes.

After many hours of practice ten people are chosen for the school varsity team. The girls seem to be just as good sharpshooters as the boys for there are two girls on the varsity team. Led by their captain Fred Chipman the team has been undefeated and is hoping to attain the Middlesex Championship which has been just out of reach in the last few years. The ingredients in a good team was really shown this year through sportsmanship, positive attitude, co-ordination, and practice! The only away matches were shot at Concord, and Wayland. Transportation was supplied by individual cars.

The girls' team, with Franny Muse as their captain, shot in matches against the girls' rifle club and the boys' varsity team.

This year the girls' basketball team certainly showed their school spirit. Under the fine leadership of their coach, Miss Martel, and the co-captains, Sonja Meidell and Janice Allen, they were victorious in half of their eight games. Many girls were back to give their aid and the number of sophomores interested was surprising. Although perfect ladies, these girls had some really good talent!

Many hard hours of practice came first. Every Tuesday and Thursday for most of December the girls split up into two teams and scrimmages were held from 1:45 until 3:10. On Mondays and Wednesdays the forwards could be found in the small gym practicing their initial plays. After vacation the games began and were held on Tuesday or Thursday at 3:00. The games played away were Wakefield, Melrose, Woburn, Somerville, Revere. The high scorers for the season in varsity were Sonja Meidell and Mary Coyne (both who played forward and guard) and Junior Varsity Joanne Radivonyk and Charlene Manley. Not only the forwards but also the guards deserve this credit.

The March of Dimes Benefit Game was the highlight of the girls season. After a difficult time trying to keep the ball away from the crafty teachers, the girls were victorious 13-17.

THE CROSS COUNTRY TEAM, which for the second year in a row are the Puritan Division Champions of the Middlesex Cross Country League, consists of *Front Row*, C. Bushee, H. Person, J. Daly, W. Hennessey, F. Nugent, *captain*; D. Sullivan, *co-captain*; W. Weigl, R. Connell, H. Taylor, W. Funicella; *Back Row*, Charles Wettergreen, *coach*; R. Bishop, F. Smith, E. Johnson, W. LISTENING INTENTLY, a number of Malden boys receive advice from the master trackman, Coach Wettergreen, a great runner for Malden High a few years back.

CLOSELY BUNCHED at the start of the first meet of the '61" season, the Malden roadsters soon leave the Lexington team far behind, going on to win, 19 to 40.

Malden's cross country team won its second consecutive Puritan Division Championship in the Middlesex Cross Country League. Leading the way to the Victory was Co-captain Frank Nugent, who by hard work and a great devotion to track took first in meet after meet and broke Roy Nilsson's old record of 15 minutes 12.5 seconds by 5.1 seconds in a new record time of 15 minutes 6.4 seconds for the Pine Banks course of 2.9 miles.

In their first meet of the season, Malden downed Lexington within a near perfect score of 19 to 40. (Please note low score wins in cross country.) Against Everett Vocational, Woburn and Andover, they had tremendous wins, with perfect scores of 15 to 46, 15 to 46, and 15 to 50, respectively. On October 20, Malden won the Championship by beating Stoneham 24 to 35 at Stoneham. These Puritan league champs also gathered in a second place in the League Meet at Mt. Hood, against 18 schools and a 4th place among 15 schools at the State Meet in White Stadium.

The Mercurymen of Malden High won only one out of five in league competition, but because of the great performance of the sophomores in the B.B.I. open meet, they now have high hopes for future years.

In the first three meets against Weymouth, Brookline and Medford, the winner of the meet was decided by the relay. Weymouth won the relay in record time, Brookline lost it when they dropped the baton, and Medford edged us out at the finish line.

The last two meets of the season were losing battles, as both Rindge and Newton over-powered Malden in short distances like the 50 yard dash, 45 yard hurdles, and 300 yard run.

SPRINTING AHEAD, co-captain William Hennessey, wins his heat in the thousand yard run in the State Meet at Boston Garden.

BREAKING THE TAPE, Stanley Welch, running anchor man for the Malden High relay team, wins his heat in the BAA Meet.

733 Sophomores Learn Why Ours Is A "Different"

EVEN A SOPHOMORE CAN HELP A SENIOR! Joanne Daly proves this as she gives tips on how to do homework to Buddy Heartquist, a senior. Early in the year, the sopho-

mores became acquainted with our library as a result of their Library Science classes conducted by Miss Thorpe.

On September 6, 1961, 733 bewildered Sophomores, we eagerly crowded into the Jenkins Auditorium where Mr. Brookes, the Sophomore Class Master, greeted us and gave us certain rules that all students of M.H.S. must follow to become proper "Maldonians." After a week or two of utter confusion, most of us had learned the basic system of our school life and how to put it to its best use.

Our first duty as members of the Class of 1964 was to elect representatives to the Sophomore Temporary Council. Under the leadership of Miss Audrey Rain, our head adviser, and Frank Johnson, the chairman, the council began its extensive campaign to collect class dues from each and every sophomore. Daily notices on the bulletin made it practically impossible for anyone to forget his dues! As a result, we need not worry about our financial status — it is satisfactory and we are an established class, prepared to produce a successful sophomore year.

THE SOPHOMORE TEMPORARY COUNCIL, our diligent dues collectors, include, *Front Row*, A. Caserta, C. Trabucco, S. Flynn, and J. Assetta; *Row 2*, M. Hynes, D. Coffey, *assistant treasurer*; B. DiPaolo, *treasurer*; F. Johnson, *chairman*; Miss A. Rain *head adviser*; B. Spinney, *vice chairman*; M. Lacey, *secretary*; C. Manley, *assistant secretary*; *Row 3*, N. J. Hall, S. Powell, J. "JINGLE BELLS" was the tune played by William Schieber at his homeroom's Christmas party. For the first time, students were permitted to have parties to celebrate the coming holiday.

MISS AUDREY RAIN, newly chosen head adviser to the Class of 1964, pours herself some punch at the Teachers' Luncheon given by Mr. Webster the day before opening of

school. In the first issue of the *Blue and Gold*, the student body learned that our principal had chosen her to lead the sophomore class towards success in their three years at M.H.S.

"REAL MONEY, TOO." remarks John Fraughton to Irene Phinney, Nancy Foley, and Paul Kapralos, his fellow members of the election committee, as they marvel at the wide variety of posters to be displayed by each candidate.

EVEN FRED FLINTSTONE has had his picture hanging on an M.H.S. wall! David Kabachnick quickly seized a choice spot right above the Class of 1964's bulletin board to mount Janet Gordon's amusing campaign poster.

As the month of February drew near, many conscientious sophomores began to wonder about the influential class elections which would soon take place. The future of our class depended upon our choice. After much waiting and hoping, the time came. On February 8, 1962, in the Jenkins Auditorium, Paul Kapralos, the chairman of the Sophomore Election Committee, opened our class meeting and introduced each candidate. Solemnly we listened to the speeches of our nervous but brave classmates. Four days later, the primary elections took place. Those victorious in this became candidates in the finals. On February 14, we made the final choice. We elected Tom Cosgrove as president, Jackie Fitzgerald as vice-president, Phyllis Armstrong and Margaret Lacey, secretary and assistant, respectively, and Donna Coffey and Brenda DiPaolo, treasurer and assistant. As soon as the mid-winter vacation ended the homeroom representatives to the permanent council were elected. Our most important events of the sophomore year ended successfully with the election of capable officers in whom we have infinite trust.

With this, we confidently look forward to two more years at M.H.S. — satisfying, enjoyable, and successful years.

"JUST A BIT HIGHER", directs Barb Spinney as Jack Fitzgerald, her opponent for the vice presidency, mounts her poster. Supervising the affair with a pleased look is Mark Flashman, a fellow sophomore.

"VOTE FOR THE FIRST MAN ON THE BALLOT" was Tom Cosgrove's plea to his classmates at their election assembly held on April 8. Apparently they heeded his advice, for they elected him the president of their class.

They are Brenda DiPaolo, *assistant treasurer*; Donna Coffey, *treasurer*; Jackie Fitzgerald, *vice president*; Tom Cosgrove, *president*; Phyllis Armstrong, *secretary*; and Margaret Lacey, *assistant secretary*.

"WHO'S THAT?" each bewildered student of the class of 1964 whispered to his neighbor at their second assembly, held in the Jenkins Auditorium. Mr. Brookes, our Sophomore Class Master, later enlightened them by introducing the following faculty members in charge of student activities

at M.H.S.: Mr. Boyle, Mr. Oxman, Mr. Perry, Miss Rain, Mr. Webster, Mr. Grady, Miss Brown, Miss Turkington, Miss Crowe, Miss Heald, and Miss Tribble.

Juniors Present "Autumn Leaves" Their First Social

HARVEST DECORATIONS set the background for "Autumn Leaves" where each person attending received an apple. The announcement of Barbara Foley as the new Queen of the Golden Tornado climaxed the evening.

The efforts of adviser Miss Crimmins and co-chairmen Eileen Fish and Peter Stewart were well rewarded when the Junior Class successfully presented its first dance of the year "Autumn Leaves" on November 3, 1961, at eight o'clock. Harvest time decorations lent a rustic atmosphere to the Marshall Gym. Climaxing the evening was the announcement of Barbara Foley's election as "Queen of the Golden Tornado." Mr. Boyle presented Barbara with a beautiful bouquet of flowers provided by the Golden Tornado Club.

The ticket committee, advised by Miss Joan M. Crimmins, was headed by Mary Cunningham and John McNeil; chairmen Denise McCarthy and Wayne Crowe of the publicity committee had Mr. Robert P. Cunningham as adviser; Mrs. Henrietta Torrence advised the invitation committee headed by Linda Cassone and Elaine Vogel; Linda Killion, Nancy Powell and George Joe headed the decoration committee advised by Mr. Nunzio T. Luca; Mr. Robert R. Love advised on entertainment; Arlene London was in charge of records; and Linda Cassone handled the faculty table. Also assisting were Mrs. Mindelle H. Smollen; Mr. George M. Edwards, Mr. Charles R. McGeoch, and Mr. George C. Roselli.

TAKING TIME OUT from their enjoyable evening to pose with colorful harvest time decorations are Eileen Fish, Miss Joan M. Crimmins, and Peter Stewart, whose combined efforts were responsible for the success of the Junior Class Dance "Autumn Leaves".

Juniors Re-Elect Harry Masterson

THE CO-OPERATIVE JUNIOR CLASS ADVISERS are, *Front Row*, Mrs. Mindelle Smollen, Miss Barbara Norton, *head adviser*; Mrs. Henrietta Torrence, Miss Joan Crimmins; *Row 2*, Mr. Charles McGeoch, Mr. Roy Davis, Mr. George Edwards, Mr. Nunzio Luca, and Mr. George Roselli; *Standing*, Mr. Robert Cunningham and Mr. Robert Love.

THE JUNIOR COUNCIL, elected in September, includes, *Front Row*, D. Katz, R. Kenty, M. Sattin, R. McGonagle, H. Masterton, L. Berman, G. Samon, and P. Ryan; *Row 2*, S. Obelsky, J. Stone, J. DiNatale, E. Fish, C. Hugo, N. Shain, M. Novack, L. Sica, and P. Stewart; *Row 3*, R. Brown, D. Moccia, D. Matheson, D. Jones, J. Burke, E. Vogel, M. Cunningham, T. Grant, and E. Zimmerman; *Back Row*, P. Batting, D. Gibbons, J. Santagate, E. Donahue, W. Carty, P. Kussell, W. Mann, C. Desmond, and J. McNeil.

On September 6, 1961, the students of the Class of 1963 returned to Malden High to continue their journey towards success. This year, no longer are they the "silly sophomores," nor are they yet the "sophisticated seniors," but they have tried to strike a happy medium by becoming the "jovial juniors" of M.H.S.

Under the leadership of Miss Barbara Norton, the head adviser to the Class of 1963, the juniors this year showed their faith in Harry Masterton by re-electing him to the presidency in a close race with Peter Stewart. Ralph Kenty and Roy McGonagle replaced Charles Desmond and Theresa Albergo as the vice-president and treasurer, respectively. With such conscientious leaders, the junior class may be sure of future pride in their successful class.

CLIMBING HIGH TOWARDS CLASS SUCCESS are the junior officers: Linda Berman, *secretary*; Ginni Samon, *assistant secretary*; Miriam Sattin, *assistant treasurer*; Harry Masterton, *president*; Roy McGonagle, *treasurer*; and Ralph Kenty, *vice president*.

Today's Seniors

Under the leadership of Mr. Sacco . . .

Senior Advisors Contribute Time and Energy to

The class of 1962 is proud to present its advisers, the guiding lights during our three busy and fun-filled years at Malden High.

The first of a long list of successes was our sophomore dance, *Yuletide Jamboree*, December 18, 1959 advised by Mr. Chester Santilli, who unfortunately left us in 1961 to assume a new position. As juniors, we sponsored *Queen of Hearts* on November 4, 1960 under Mrs. Harriet Gilchrist who gave much of her time and effort. Mrs. Grace Ramsdell capably advised 77 *Salem Street*, one of the most successful Junior Varieties ever produced. As a "going-away present" for the seniors, *Have Diploma, Will Travel* was the result of the hard work of Miss Margaret O'Brien.

During our third and very eventful senior year, our

advisers have shown how unselfish, devoted, and helpful they could be. Many thanks go to our Head Adviser, Mr. Joseph Sacco, for *Kick-Off To Victory*, to Mr. John Queally for the Senior Play, *Meet Me At The Prom*, to Mr. Louis Melanson, for a most memorable Senior Prom, *Shangri-La*, and last but certainly not least, to Miss Gladys Watkins for the Senior Banquet.

We would also like to express our gratitude to Mrs. Mary Carney for her unfailing co-operation with decorations for every social event, to Miss Laura Pearl and Mr. Walter Pasanen for their continued assistance.

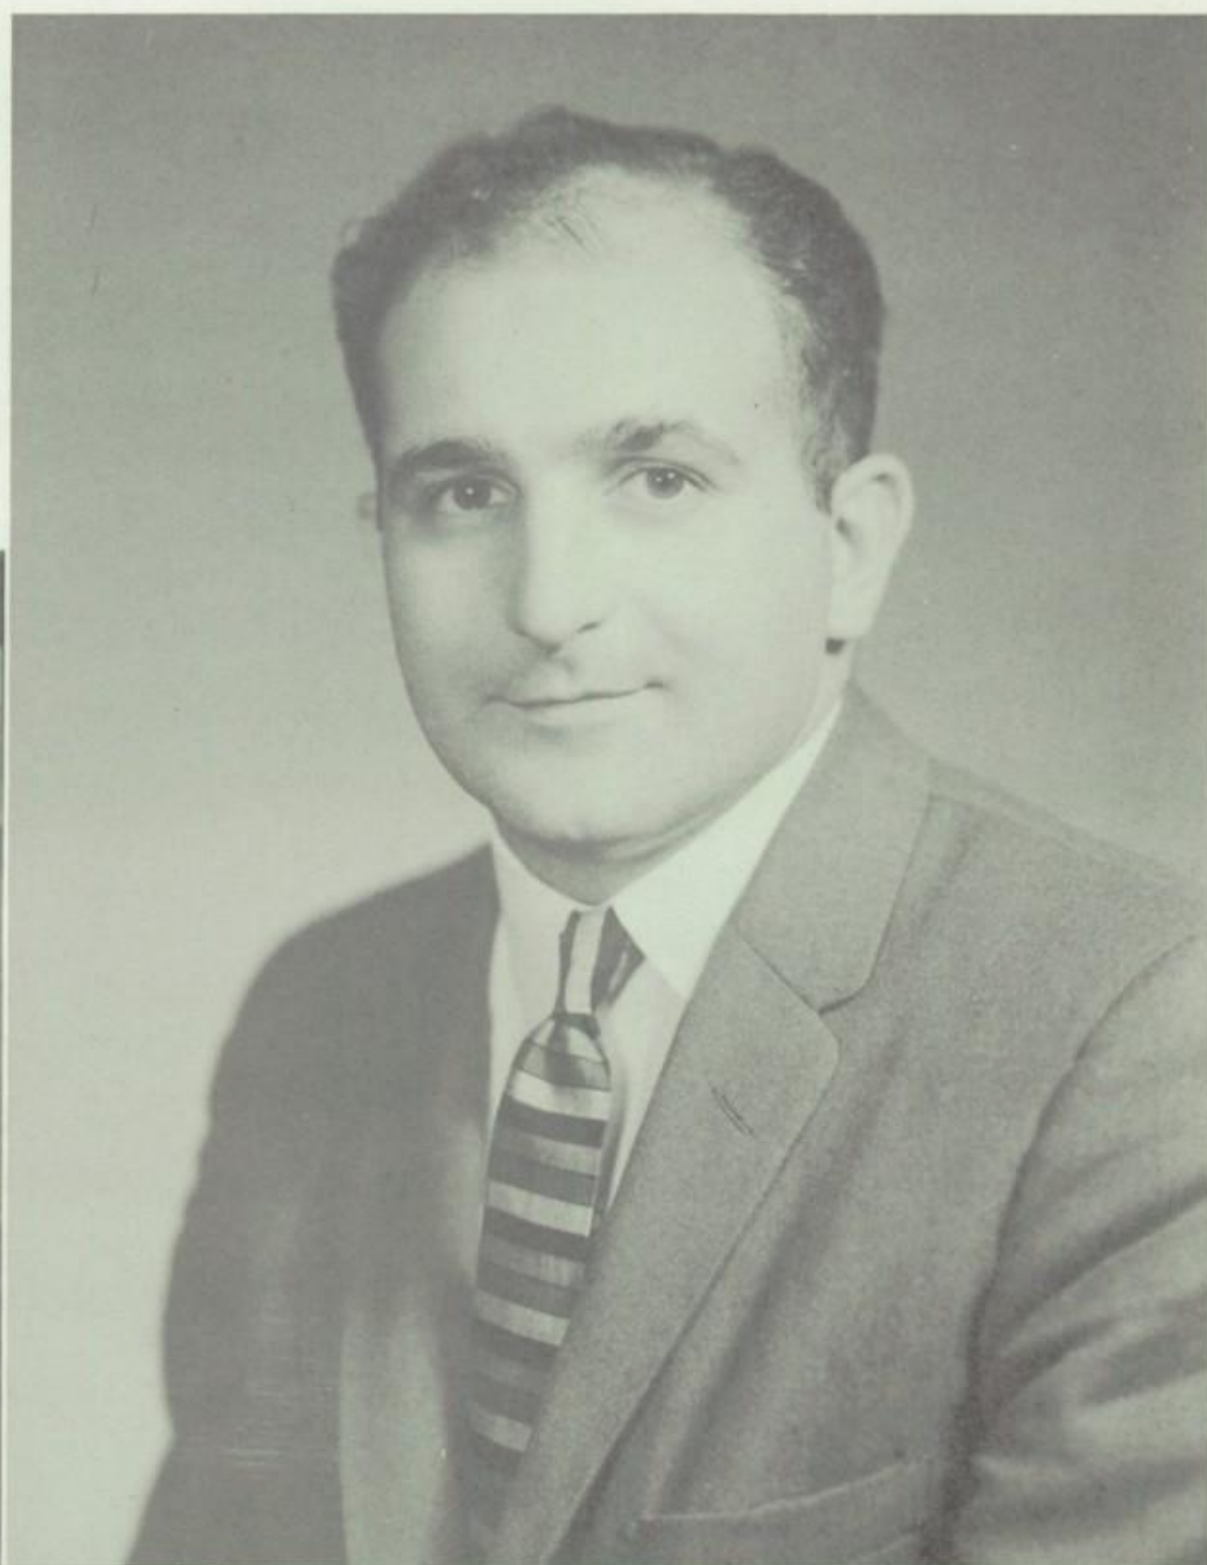

Again to each and every wonderful adviser, we wish to say, "Thanks for the memories."

BUSY SENIOR ADVISERS "take five" to pose for the photographers. Front Row, Miss Margaret O'Brien, Miss Gladys Watkins, Miss Mary Carney, Mrs. Harriet Gilchrist, Miss Laura Pearl; Back Row, Mr.

Football Team and is always willing to make room in his busy schedule to give valuable advice to a Senior Class member. Thank you, Mr. Sacco, for your wonderful combination of superb leadership and expert guidance which have made our three years at M.H.S. all the more enjoyable.

Working under the patient guidance of head adviser, Mr. Joseph Sacco, the hard-working Senior Council took an active interest in class affairs. The Council, which consists of a boy and a girl elected as a representative from each senior homeroom, meets to decide on such important matters as themes, co-chairmen, and decorations for our various class projects which include *Yuletide Jamboree*, *77 Salem Street*, *Queen of Hearts*, *Have Diploma Will Travel*, *Kickoff to Victory*, *Meet Me at the Prom*, and *Shangri-La*. The collection of class dues, which have enabled us to carry out our many activities, was also done by these council members.

The slate of officers re-elected for the third consecutive year were Barbara Indelicato, president; William Torpey, vice-president; Georleen Howlett, secretary; Janice Berg, assistant secretary; and Roberta Freehoff, treasurer. After the resignation of Diane Carney, Vivian Chopelas was elected assistant treasurer. A WARM WELCOME by Barbara Indelicato, President of the Class of 1962, greeted the audience at the Senior Class production of "Meet Me At The Prom." Beautifully gowned Barbara was a very attractive introduction to the evening's program.

TEMPTING TREATS were offered for the audience's enjoyment by a bevy of charming candy girls. Posing in Room 112 as they received their trays are Geraldine Correnti, Judy Rainville, Joyce Romano, Pamela White, Elizabeth Clark, Ann DeFazio, Barbara Romboli, Susan McCusker and Margaret D'Avella.

BEHIND A SUCCESSFUL PLAY there are hard working stagehands like Steve Flashenberg, Robbie Levine, and Stan Caras whose assistance is invaluable.

"MEET ME AT THE PROM"

THE ATTRACTIVE USHERETTES, under co-chairmen Phyllis Dubin and Althea Kennedy, welcome students, parents, and friends to the production of "Meet Me At The Prom." Front Row: Barbara Alconada, Charlene MacDonald, Nancy

Frank, Althea Kennedy, Rayna Budilov, Sheldonna Garfield, Carol Scaramozzino, Phyllis Dubin. Back Row: Ginny Conway, Jane Drake, Sandra Brown, Sheila Muccio, Karen Muccio.

"I DON'T KNOW WHY ANYONE WOULD VOTE FOR A PILL LIKE JULIA CARTWRIGHT!" exclaims Sheila Rollins (Diane Carney), candidate for prom queen, to Winnie Clark (Phyllis Charney), her campaign manager. Unaware of Mom Madigan (Susan Green), who seems to be praying for divine help for teenagers, the girls discuss the election of the prom queen.

MASHED BY A "MEATBALL," Elwood Simpson (Marvin Cohen) attempts to recover from the shock of being floored by Cal Henry (John MacIntyre) a studious, quiet boy, to the astonishment of Lucy Trainor (Linda O'Connor), the waitress at Mom Madigan's Malt Shop. Elwood's ego deflated, he cries as he stomps out of the malt shop, "You two haven't heard the last of this."

A DIRECTOR'S DILEMMA

A HAPPY ENDING climaxes the play with Lucy's election as Queen of the Prom, and Elwood's confession clearing Cal of the ticket money theft. As they leave for the Prom, Lucy says, "I think we're going to see a lot of each other."

And Now, on With

"WHERE WERE YOU WHEN THE LORD GAVE OUT BRAINS!" exclaims exasperated Ada to Pudge and Bing (Barry Chiet) who mistake Don Leonard (Dick Linck), a former sports hero of C.H.S., for a spy from Western High.

"WELL, WHAT'VE YOU TWO GRINDS GOT TO SAY NOW? STILL THINK I'M LYING?" boasts Elwood triumphantly as Miss Fanshaw (Nancy James), the principal, discovers the stolen ticket money in Cal's lunch box.

"LOOK AT HIM — I ASK YOU — JUST LOOK AT HIM! People won't know if my escort is a football player or a pig!" Ada (Sandra Ill, proclaims as Pudge (Neil Sampson) stuffs himself with a turkey drumstick.

the Show

The curtain rose on the Senior Class production of "Meet Me at the Prom" at 8:00 P.M. on December 8, 1961, in the Jenkins Auditorium. Under the direction of Mrs. John Queally and the guidance of Mr. John Queally, the play, co-chaired by Barbara Foley and Michael Sher, was a dramatic and financial success. As the story opens, we find ourselves transported to Mom's Malt Shop, the local Brigham's where the seniors of Central High are eagerly anticipating their Thanksgiving Prom and the traditional football game with their arch enemy, Western High. Against this hectic background, several stories are enacted. Lucy Trainor's romance with Cal Henry, the rivalry between Sheila Rollins and Julia Cartwright for the honor of being selected Prom Queen, and the mystery of the stolen ticket money culminate on Thanksgiving eve in Lucy's surprise election as Prom Queen, and Cal's exoneration. Thanks to the orchestra, under the direction of Mr. Robert K. Love, the intermissions were musically enhanced by renditions of "Seboney", "Old Timers' Waltz", and "Temptation".

BARBARA FOLEY AND MICHAEL SHER, co-chairmen of "Meet Me at the Prom", present a bouquet of red roses to Mrs. John Queally for her excellent direction of the senior play.

THE TWO LEADING LADIES of the Senior Play, Linda O'Connor and Susan Green, receive well-deserved applause from both the audience

and cast as the final curtain falls on "Meet Me At The Prom."

Under co-chairmen Barbara Romboli and John Berggren . . .

Seniors "Kick-Off To Victory"

THE TWO MOST SPIRITED M.H.S.'ers, Janice Berg, head cheerleader, and John Rossetti, Nedlam, take time out to enjoy a smooth foxtrot.

On September 28, 1961, the Marshall Gymnasium resounded with the cheers and shouts of M.H.S.'ers at the second annual senior dance and rally, "Kick-Off To Victory." Under senior class Head Adviser Mr. Joseph Sacco, the co-chairmen of the dance, Barbara Romboli and John Berggren, worked with committee heads to make this dance one of the best yet. With the cheerleaders and majorettes entertaining and the appearance of the star attraction, the football team, introduced by Coach Edward Melanson, the dance just couldn't miss. The crowd broke all records, and the financial success of the dance greatly benefited the Class of 1962 treasury.

THE SMILING FACES of Miss O'Brien, Roberta Freehoff, Kevin Shea, and Elaine Lubin tell the happy tale of the financial success of the senior dance "Kick off to Victory", as they tally the ticket proceeds.

DISC JOCKEYS Michael Sher, John MacIntyre, and Charles Schena wait in the background as co-chairman Barbara Romboli and John Berggren welcome the students to "Kick off to Victory".

BETWEEN RECORDS, students enjoy conversation with friends at the annual senior dance which inaugurates the athletic season.

Having exhibited outstanding qualities . . .

The Success of "Today" Depended Upon You

Today, as this year draws to a close, we, the members of the *Maldonian*, pause to think of all those who have helped to make this year's *Maldonian* possible. Without their untiring efforts, our mission of completing this yearbook would have been extremely difficult to accomplish. All we can do is render an earnest "thank you" to the following:

WE TRACKED through all kinds of weather to complete this year's *Maldonian*.

Mr. F. Champlin Webster — for his interest and support in all our projects.

Miss Mary E. Heald — for the endless time and patience she has spent advising us in the production of this year book.

Mrs. Mary D. Carney — for supervising our art staff and helping with the cover design.

Mr. Robert K. Love, Dr. Herbert Silverman, and Miss Diana Brookes — for their co-operation in preparing this year's Music Section.

Mr. Gustave Larson — for printing our appointment slips and banquet programs.

"Pop" Taylor — for allowing us to use his Rifle Club Lounge for our many needs.

Mr. Roy G. Finn and his staff — for always being ready to assist us in any way.

Miss Mabel McQuesten — for typing up our many notices for the Daily Bulletin.

Mr. Clarke R. Brookes — for your help in organizing our club pictures, without which our organization section would not have been completed.

All Homeroom Teachers — for allowing the Sales Staff to sell supplies in your homerooms, and for putting up with the homeroom representatives' many demands.

Miss Thelma Martel, Miss Virginia Gardner, Coach Melanson, Mr. Hussey, Coach Boyle — for your continuous help on the Sports section.

Lincoln Studios — for their sincere interest in Malden High School that never lets them say "no" to any request we make.

Mr. Joseph Sacco — for helping the Senior Class to raise their portion of the *Maldonian* money.

Mr. Thomas Lafionatis, Mr. Roland Cotton, and all the Vocational boys — for installing a new fan in the Photo Lab.

Mr. Robert C. Moore — for his enduring all our slowness in getting things to press, and for his willingness to come to Malden at any time.

Through Pictures, Words, and Drawings . . .
